The Undead Among Us - The Figure of the Vampire as the "Unknown Other" and Its Representation in "True Blood" Felicitas Schott, 2018-06-26 Initial point and working hypothesis Drakul Nosferatu Upyr Vampyre There have been many names for what we know today as the vampire It is believed that the existence of the vampires goes back in time for almost one thousand years At least since Bram Stoker's successful novel Dracula from 1897 almost everyone is familiar with the image of the walking undead that creeps out of its coffin at night and sucks the blood out of humans Today's American popular culture makes it even inevitable to not be faced with vampires on television in advertisement on cereal boxes or even in educational programs for children The undead has always been appealing to viewers especially of the horror and fantasy genre Zombies ghosts demons mummies and vampires have been present in movies and on television ever since the invention of the motion picture at the turn of the twentieth century It is the otherness of such monsters their frightful darkness and exoticism that makes them so interesting Since the turn of the twenty first century a striking popularity of the undead figure of the vampire in American popular culture is particularly notable Since F W Murnau's masterpiece Nosferatu in 1922 it is not possible anymore to imagine cinema and television without these nocturnal creatures The vampire has always been serving as a metaphor for something strange for anxieties and hidden desires in society What it has in common with other undead figures in American popular culture is its representation as a monster The vampires otherness their mystical darkness hypnotizing men seducing women longing for life and its taste in human blood that is what makes the figure of the vampire so extraordinary fascinating and engaging to today's movie and television audience This thesis deals with the figure of the vampire regarded as the unknown other and how it is fictionally represented in the American TV series True Blood

2008 The thesis argues that the figure of the vampire in postmodern American popular culture lost some of its otherness to a certain extent and cannot be regarded as a monster per se anymore *Vampires Among Us, Book 1* Brown Alice (author),1901 **Vampires Among Us** Mark Benecke,2006 **Vampires Today** Joseph P. Laycock,2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice s Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In *Vampires Today The Truth about Modern Vampirism* Joseph Laycock argues that today s vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human *Vampires and Vampirism* Dudley Wright,1914 *Vampires Among Us* Steve Preston,2015-11-18 Hearing the term Vampire causes a shudder in many but the believe in the stories being untrue seem to make many disregard a huge treat Demonic Vampires are invading and taking control of people at an alarming increase Those who have made it their mission in life to help free the world of these invaders are seeing this horrible trend We think of the Biblical story of the man who had a legion of theses demonic vampires take control of his every action Many believe it happened 2 thousand year s ago but completely disregard the nightmare that is today From many ancient text we can be assured that many thousands of walking dead curse people must find relief by invading the body of the living to suck their life away just like the vampires of the movies THIS IS NOT A some Hollywood horror movie it is upon us **The Vampire Diaries: Stefan's Diaries Collection** L. J. Smith,2014-09-30 The New York Times bestselling Stefan s Diaries series by L J Smith This digital collection contains all six books in L J Smith s bestselling Stefan s Diaries series which reveals the backstory of brothers Stefan and Damon from The Vampire Diaries series and features cover artwork from the hit CW TV series The Vampire Diaries starring Nina Dobrev Paul Wesley and Ian Somerhalder Full of dark shadows and surprising twists the series raises the stakes for the Salvatore brothers as they face new loves old treacheries and unimaginable threats Fans of L J Smith s New York Times bestselling Vampire Diaries series as well as the hit television show won t be able to put the latest Salvatore adventures down Includes the six books in the series The Vampire Diaries Stefan s Diaries 1 Origins The Vampire Diaries Stefan s Diaries 2 Bloodlust The Vampire Diaries Stefan s Diaries 3 The Craving The Vampire Diaries Stefan s Diaries 4 The Ripper The Vampire Diaries Stefan s Diaries 5 The Asylum The Vampire Diaries Stefan s Diaries 6 The Compelled **Vampires** Judyth A McLeod,2010-10-01 *Vampires* offers a

bite sized overview of the ever mutating vampire a phenomenon created by primal human fears of blood sucking monsters The book delves into ancient vampiric beliefs including the Chinese hopping vampire Jiangshi and Egyptian goddess Sekhmet as well as Gothic horrors from the late Middle Ages The evolution of vampires in literature film and television is comprehensively covered from the iconic Dracula tale Stephen King s Salem s Lot to Stephenie Meyer s Twilight series Nosferatu the first Hollywood take on vampires and modern films such as the Blade trilogy and New Moon and popular TV shows including The Twilight Zone True Blood and The Vampire Diaries

Vampires Martin Harry Greenberg,1997 The touch of cold fangs The pallor of undead skin The human shape that casts no shadow and receives no reflection The nocturnal wanderer the nighttime feeder like the owl the bat and the snake Vampires have always been with us in our nightmares From the cannibal the werewolf and the ghoul extract various features and mix in the right proportion to yield that most evil most terrifying of all human like creatures the vampire among us but not one of us resembling us mingling with us but secretly stalking us Everyone wants to live forever Or so they think Perhaps we would pause before accepting immortality if we knew the price was to feed forever on other human lives on human blood Perhaps some vampires are tortured by guilt or self disgust But whether or not the agonies of conscience add to a vampire s nightmare existence from a human perspective vampires are distinctly unfriendly Many of the world s best authors have written of the vampire and in this collection edited by award winning editor Martin H Greenberg you will find the best of the best Jacket

Vampires Angela Cybulski,2003 The figure of the vampire has existed within the history of many cultures for thousands of years While the true nature of the vampire is shrouded in mystery its image is also prey to the often inconsistent or inaccurate stereotypes found in literature and film This text presents a collection of writings that attempt to define the main characteristics of the vampire and to explore whether or not vampires truly exist among us
