When The Heart Speaks:

When the Heart Speaks! Renzie,2006-01-30 When the Heart Speaks is a recollection of the past twenty years of my life which includes serving in the army and traveling around the world to places I dreamed about as a child but never imagine I would actually go there and for that I am forever grateful When the Heart Speaks will allow you become a part of me for a brief moment or however long you choose to do so You will experience the emotional rollercoaster ride of life as well as the trail and tribulations one goes through when they keep things inside to long or don t know how to express themselves when those feelings are pleading to come out but you refuse to release them or don t know how to release them I ve learned when that happens in my opinion GOD The Real Author brings you to a point in your life with the assistance of your heart and lets you know that s enough They re trying to tell you to get your act together if you re not living the way you should especially if you know you ve been given blessings from above and still choose to go down the wrong path In my case I haven t listen or paid attention to the warning signs that were there so now it s either their way or the byway I ve decided it would be their way Thank you GOD *When Heart Speaks* KASHISH YADAV, When heart speaks is book of where we can see when our heart start speaking about love that love is true or false if that love is in between couple friends family in anyone where you can understand about today s love is true love or false love The form of love is true love and pretending to love is false love In true love people do everything for each other s happiness whereas in false love people stab their backs True love is very difficult to find while false love will get you on the way When your parents do something for you they do it for you in true love and when some of your mean relatives love you then understand that this is a show of love not love that is false love If there is love even in boys and girls then they try to keep each other happy in every situation and this is true love and if both have made a relationship with each other for money or time pass then it would be false love Where is the value of true love this world Here everyone builds a relationship thinking of his benefit **When the Heart Speaks** Kathleen Treves,1954
