Why Tikopia Has Four Clans:

Why Tikopia Has Four Clans (Occasional Paper 38) R. Hooper A. Firth, 1981-01-01 *Why Tikopia Has Four Clans* Antony Hooper, 1981 Oral Traditions of Anuta : A Polynesian Outlier in the Solomon Islands Richard Feinberg Professor of Anthropology Kent State University, 1998-04-28 Anuta is a small Polynesian community in the eastern Solomon Islands that has had minimal contact with outside cultural forces Even at the end of the twentieth century it remains one of the most traditional and isolated islands in the insular Pacific In *Oral Traditions of Anuta* Richard Feinberg offers a telling collection of Anutan historical narratives including indigenous texts and English translations This rich thorough assemblage is the result of a collaborative project between Feinberg and a large cross section of the Anutan community that developed over a period of twenty five years The volume s emphasis is ethnographic consisting of a number of texts as related by the island s most respected experts in matters of traditional history Feinberg s annotations which arm the reader with essential ethnographic and historical contexts clarify important linguistic and cultural issues that arise from the stories The texts themselves have important implications for the relationship of oral tradition to history and symbolic structures and afford new evidence pertinent to Polynesian language sub grouping Further they provide insight into a number of Anutan customs and preoccupations while also suggesting certain widespread Polynesian practices dating back to the pre contact and early contact periods Quadripartite Structures Mark S. Mosko, 1985-06-30 This book was the first detailed comprehensive study of Bush Mekeo culture and society **Theorizing Native Studies** Audra Simpson, 2014-05-07 This important collection makes a compelling argument for the importance of theory in Native studies Within the field there has been understandable suspicion of theory stemming both from concerns about urgent political issues needing to take precedence over theoretical speculations and from hostility toward theory as an inherently Western imperialist epistemology The editors of *Theorizing Native Studies* take these concerns as the ground for recasting theoretical endeavors as attempts to identify the larger institutional and political structures that enable racism inequities and the displacement of indigenous peoples They emphasize the need for Native people to be recognized as legitimate theorists and for the theoretical work happening outside the academy in Native activist groups and communities to be acknowledged Many of the essays demonstrate how Native studies can productively engage with others seeking to dismantle and decolonize the settler state including scholars putting theory to use in critical ethnic studies gender and sexuality studies and postcolonial studies Taken together the essays demonstrate how theory can serve as a decolonizing practice Contributors Christopher Bracken Glen Coulthard Mishuana Goeman Dian Million Scott Morgensen Robert Nichols Vera Palmer Mark Rifkin Audra Simpson Andrea Smith Teresia Teaiwa **Leadership and Change in the Western Pacific** R. Feinberg, K. A. Watson-Gegeo, 2021-01-07 An ethnographic exploration of the rise of new forms of leadership at community and national levels with islanders are synthesising traditional and Western models **Culture and History in the Pacific** Jukka Siikala, 2021-09-29 *Culture and History in the Pacific* is a

collection of essays originally published in 1990 The texts explore from different perspectives the question of culture as a repository of historical information They also address broader questions of anthropological writing at the time such as the relationship between anthropologists representations and local conceptions This republication aims to make the book accessible to a wider audience and in the region it discusses Oceania A new introductory essay has been included to contextualize the volume in relation to its historical setting the end of the Cold War era and to the present study of the Pacific and indigenous scholarship The authors of Culture and History in the Pacific include prominent anthropologists of the Pacific some of whom Roger Keesing and Marilyn Strathern to name but two have also been influential in the anthropology of the late 20th and early 21st century in general *Origins, Ancestry and Alliance* James J. Fox, Clifford Sather, 2006-10-01 This collection of papers the third in a series of volumes on the work of the Comparative Austronesian Project explores indigenous Austronesian ideas of origin ancestry and alliance and considers the comparative significance of these ideas in social practice The papers examine social practice in a diverse range of societies extending from insular Southeast Asia to the islands of the Pacific The Journal of the Polynesian Society Polynesian Society (N.Z.), 1920 Vols for 1892 1941 contain the transactions and proceedings of the society *Encounters: The Creation of New Zealand* Paul Moon, 2013-07-24 Throughout its human history New Zealand has been interpreted and experienced in often radically different ways Each wave of arrivals to its shores has left its own set of views of New Zealand on the country applying a new coat of mythology and understanding to the landscape usually without fully removing the one that lies beneath it Encounters is the wide ranging audacious and gripping story of New Zealand s changing national identity how it has emerged and evolved through generations In this genre busting book historian Paul Moon delves into how the many and conflicting ideas about New Zealand came into being Along the way he explores forgotten crevices of the nation s character and exposes some of the mythology of its past and present These include for example the earliest Maori myths and the mock sacredness of the All Blacks in the twenty first century the role of nostalgia in our national character both Maori and Pakeha whether the explorer Kupe existed the appeal of the Speight s Southern Man and ruminations on New Zealand art and landscape What results is an absorbing piece of scholarship an imaginative and exuberant epic that will challenge preconceptions about what it means to be a New Zealander and how our country is understood Lyrical breathtaking and provocative and illustrated with artworks throughout Encounters offers an extraordinary insight into the beginnings of our country *Beyond the Horizon* Clifford Sather, Timo Kaartinen, 2008-05-16 Society is never just a localized aggregate of people but exists by virtue of its members narrative and conceptual awareness of other times and places In Jukka Siikala s work this idea evolves into a broad ethnographic and theoretical interest in worlds beyond the horizon in the double sense of past and abroad This book is a tribute to Jukka s contributions to anthropology by his colleagues and students and marks his 60th birthday in January 2007 By exploring the near distant inward and outward horizons towards which societies project their reality the authors aim at
