John Julian,1892 **Shakespeare-lexicon: M-Z** Alexander Schmidt,1886 **American Pop** Snowden Wright,2019-02-05 AN NPR BEST BOOK OF THE YEAR Mr Wright s imagined history of the rise and fall of the sugary drink empire is so robust and recognizable that you might feel nostalgic for the taste of a soda you ve never had Sam Sacks The Wall Street Journal NAMED A MOST ANTICIPATED BOOK BY Parade Cosmopolitan Town to the moment he first laid eyes on his future wife Annabelle Teague a true Southern belle of aristocratic lineage to his invention of the delicious fizzy drink that would transform him from tiller boy into the founder of an empire the Panola Cola Company and entice a youthful enterprising nation entering a hopeful new age Now the heads of a preeminent American family spoken about in the same breath as the Hearsts and the Rockefellers Houghton and Annabelle raise their four children with the expectation they ll one day become world leaders The burden of greatness falls early on eldest son Montgomery a handsome and successful politician who has never recovered from the horrors and heartbreak of the Great War His younger siblings Ramsey and Lance known as the infernal twins are rivals not only in wit and beauty but in their utter carelessness with the lives and hearts of others Their brother Harold as gentle and caring as the twins can be cruel is slowed by a mental disability and later generations seem

equally plagued by misfortune forcing Houghton to seriously consider who should control the company after he's gone. An irresistible tour de force of original storytelling, American Pop blends fact and fiction, the mundane and the mythical, and utilizes techniques of historical reportage to capture how, in Nathaniel Hawthorne's words, families are always rising and falling in America and to explore the many ways in which nostalgia can manipulate cultural memory and the stories we choose to tell about ourselves. To attempt such reasoning, it will at first be introduced an own definition of literature. The main focus will be put on rather psychological and metaphysical approaches to literature from Rita Felski, Daniel Albright, and Derek Attridge. Their approaches to literature will be discussed to be able to deduce an own definition of literature that is appropriate to answer this paper's main question of what the potential of literature and also its value can be in the 21st century. To do this, the Felski's four modes of textual engagement: recognition, enchantment, knowledge, and shock will be taken a closer look at.
