Joe Cortina, Janet Elder

Targeting Wellness The Core:

Targeting Wellness Marvin R. Levy, Mark Dignan, Janet H. Shirreffs, 1992-01 Why Wellness Sells Colleen Derkatch, 2022-12-13 The author argues that wellness has become so pervasive in the United States and Canada because it is an ever moving goal It embodies an idea of both restoring the body to some natural and therefore healthy state and of enhancing the body toward an ideal state of health one that is better than well Overall the book a rhetorical and cultural study offers a nuanced account of how language belief behavior experience and persuasion collide to produce and promote wellness which is among the most compelling and possibly harmful concepts that govern contemporary Western life

Marketing Mental Wellness in Medical Tourism Hassan, Viana Imad, Abou Fayad, Simon, Mohd, Sharif, 2026-03-04 The rapid growth of medical tourism has transformed healthcare into a global digitally driven industry where patients enter different countries seeking quality affordable treatment These decisions are oftentimes difficult to make accompanied by stress and uncertainty It is crucial that marketing efforts extend beyond promoting clinical excellence and cost advantages to foster trust transparency and emotional reassurance In this evolving landscape integrating mental wellness into digital marketing strategies is essential to creating ethical patient centered experiences that support both informed decision making and overall well being Marketing Mental Wellness in Medical Tourism explores how digital marketing can effectively promote medical tourism while integrating strategies that prioritize the mental health and emotional well being of travelers By combining academic perspectives industry practices and real world case studies this book provides readers with innovative tools and ethical approaches to enhance patient trust improve the overall tourism experience and position destinations competitively in the global health and wellness market Covering topics such as smart healing tea tourism and metaverse healing spaces this book is an excellent academic resource for graduate and doctoral students medical tourism providers digital marketers travel agencies and more

Worlds Joe Cortina, Janet Elder, 2003-03 *New Worlds* is an introductory college reading improvement text that applies the successful approach of the authors *Opening Doors* and *Comprehending College* textbooks and Janet Elder's *Exercise Your College Reading Skills* in a format designed to help lower level developmental reading students succeed in college. This approach presents skills clearly in a structured approach that emphasizes comprehension and provides thorough on-going practice and application of the skills. This second edition includes fuller explanations, more practice exercises, ten new reading selections, expanded quizzes for all reading selections, and a wealth of new media support.

Health and Wellness

Tourism Melanie K. Smith, László Puczko, 2009 *Health and Wellness Tourism* takes an innovative look at this rapidly growing sector of today's thriving tourism industry. This book examines the range of motivations that drive this diverse sector of tourists, the products that are being developed to meet their needs, and the management implications of these developments. A wide range of international case studies illustrate the multiple aspects of the industry and new and emerging trends, including spas, medical wellness, life coaching, meditation, festivals, pilgrimage, and yoga retreats. The authors also evaluate marketing and promotional strategies and assess operational and management issues in the context of health and wellness tourism. This text includes a number of features to reinforce theory for advanced students of hospitality, leisure, and tourism and related disciplines.

Service Analytics and Management Jitesh J. Thakkar, 2025-08-04 This book intends to cover key issues on service strategy, planning, design, and delivery. The book is divided into six parts. The first part provides an introduction to the context of services and discusses the issues and complexities involved in managing services. The second part deals with the design of services. This includes issues specific to service capacity management, service project management, and service supply chain management. The third part will help the readers to understand various issues in service resource planning. Typically, this includes Demand Forecasting, Aggregate Planning, Service Scheduling, Service Inventory Management. Subsequently, part four covers the issues specific to service improvement. This will include service quality and six Sigma, service productivity and performance, and managing people in service organizations. Part five deals with IT and Analytics in service management. This section deliberates upon IT and service management and various analytical models useful in managing services. Finally, part six includes five cases in detail for extensive and critical class discussion.
