**Spinning on a Dream Thread** Rix Weaver, 1977      *The Darkening Spirit* David Tacey, 2013-06-26 The twenty first century could well be Jung's century just as the twentieth century was Freud's Jung predicted the demise of secular humanism and claimed we would search for alternatives to science atheism and reason We would experience a new and even unfashionable appetite for the sacred Educated people however would not return to unreconstructed religions because these do not express the life of the spirit as discerned by modern consciousness The sacred has developed a darker hue and worshipping symbols of light and goodness no longer satisfies the longings of the soul The new sacred cannot be contained by the formulas of the past but nor can we live without a sense of the sacred We stand in a difficult place between traditional religions we have outgrown and a pervasive materialism we can no longer embrace These changes in our culture have come sooner than Jung might have imagined In his time Jung struck many as eccentric or unscientific But his works speak to our time since we have experienced the full gamut of Jungian transformations the unsettling of Judeo Christian culture the rise of the feminine the onslaught of the dark side the critique of modernism and positivism and the recognition that the Western ego is neither the pinnacle of evolution nor the lord of creation A new life is needed beyond the ego but we do not yet know what it will look like The outbreak of strong religion and terrorism are signs of the times but these are expressions of a distorted and repressed spirit and not one hopes genuine pointers to the future What the future holds is uncertain but Jung's prophetic vision helps to prepare us for what is to come and this will be of great interest to analytical psychologists and psychoanalysts as well as to theologians futurists sociologists and the general reader      *Divining Your Dreams* Jonathan Sharp, 2010-06-15 Your Dreams Can Show You the Way We all know that our dreams mean something but do you realize that your dreams can actually help you In the Kabbalistic tradition dreams are prized as the key that unlocks the spiritual door leading to a path of greater wisdom In this rich and unique guide you will learn how simple and practical steps can help you use the messages in your dreams to unleash healing creativity and personal fulfillment Kabbalistic experts Jonathan Sharp and Dr Edward Hoffman clearly explain how the Kabbalah works along with its varied mysterious and fascinating components These include the Tree of Life the Tarot deck the hundred most important symbols from Zohar the ancient text on which the Kabbalah is based and the numerology of the letters in the Hebrew alphabet Following is a comprehensive list of more than eight hundred and fifty dream images with interpretations evaluations and unique prescriptions to help bring energy and inspiration to your spiritual journey Each dream entry includes Meaning An overview of the image's significance as well as a numerological evaluation and interpretation Tree of Life What the dream tells the dreamer about where she is on her life path specifically in terms of spiritual development and emotional relationships The Journey Practical advice on what steps to take so that you can use your dream to take you where you want to go solve problems explore possibilities find the inspiration to live more deeply and much more Rich comprehensive and full of beauty and mystery *Divining Your Dreams* will
