Ocular Proof and the Spectacled Detective in British Crime Fiction Lisa Hopkins,2023-05-31 From Sherlock Holmes onwards fictional detectives use lenses Ocular Proof and the Spectacled Detective in British Crime Fiction argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives

methods but also the kinds of cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare s Othello reminds us that Othello is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases **Ngaio Marsh** Bruce Harding,2019-06-26 Considered one of the Queens of Crime along with such greats as Agatha Christie Dorothy Sayers and Margery Allingham Ngaio Marsh 1895 1982 was a gifted writer and a celebrated author of classic British detective fiction as well as a successful theater director Best known for the 32 detective novels she published between 1934 and 1982 she was appointed a Dame Commander of the British Empire DBE in 1966 Based on years of original research by the curator of the Ngaio Marsh House in Christchurch New Zealand this book explores the fascinating literary world of Dame Ngaio 10 Women of Mystery Earl F. Bargainnier,1981 This volume which examines the special contributions of a number of women mystery writers sheds light on this significant example of common interests in recreational reading among women and men and the reasons behind the early and continuing uncharacteristic near equality of both sexes in this field of endeavor
