The Life of the Spirit Rudolf Eucken, 1909 **The Philosophy of Life** Guying Chen, 2016-01-12 Chen Guying one of the leading scholars on Daoism in contemporary China provides in his book *The Philosophy of Life A New Reading of the Zhuangzi* a detailed analysis and a unique interpretation of Zhuangzi's Inner Outer and Miscellaneous chapters Unlike many other Chinese scholars Chen does not focus on a philological but on a philosophical reading of the Zhuangzi highlighting the main topics of self cultivation aesthetics and epistemology Chen's perspectives on the Zhuangzi range from the historical background of the Warring States Period to his own personal political experience Since Chen is also a specialist on Nietzsche he elaborates Zhuangzi's philosophy of life and the idea of regulating one's heart by drawing a parallel to Nietzsche's perspectivism

A Phenomenology of the Devout Life George Pattison, 2018-11-10 *A Phenomenology of the Devout Life* is the first part of a three part work *A Philosophy of Christian Life* Rather than approaching Christianity through its doctrinal statements as philosophers of religion have often done the book starts by offering a phenomenological description of the devout life as that is set out in the teaching of Francois de Sales and related authors This is because for most Christians practice and life commitments are more fundamental than formal doctrinal beliefs Although George Pattison will address the metaphysical truth claims of Christianity in Part three the guiding argument is that it is the Christian way of life that best reveals what these beliefs really are As the work is a philosophical study it does not presuppose the truth of Christianity but assumes only that there is a humanly accessible meaning to the intention to live a devout life pleasing to God This can be said to find expression in a certain view of selfhood that emphasizes the dimensions of feeling and will rather than intellect and that culminates in the experience of the annihilation of self This is a model of selfhood deeply opposed to contemporary models that privilege autonomous agency and the devout life is therefore presented as offering a corrective to extreme versions of the contemporary view
