Spirituality And Community:

Dazzling Bodies Richard Valantasis, 2014-10-23 Spirituality is always developed and nurtured in community and communities have particular spiritualities Dazzling Bodies promotes practices and performances as the basis for individual and community spiritual formation by analyzing specific experiences and real life situations in personal and corporate life Three bodies are delineated as the basis for spiritual formation the physical body the social body and the corporate body Drawing on theories of communication semiotics social semiotics and narrative theory the book examines personal and corporate spiritual formation both by plotting the ways community systems create solidarity and by analyzing community systems for the modulation of power at work Dazzling Bodies explores the development of a specific language system for each community taking the sermon as the primary instrument of community formation Liturgy and worship receive special attention A theory of asceticism based on specific performances founded in renewed social relationships and forming an alternative symbolic universe provides parameters for individual and corporate spiritual formation [The Spirituality of Community](#) Adele J. Jindra, Michael Jindra, Sarah DeGenero, 2021-11-17 How do people in poverty and homelessness change their lives and get back on their feet Homeless shelters across the world play a huge role in this process Many of them are religious but there is a lot of diversity in faith based non profits that assist people affected by poverty and homelessness In this timely book the authors look at three homeless shelters that take more or less intensive approaches to faith community and programming In one shelter for instance residents are required to do a program of classes that includes group Bible study worship and self

evaluation The other two examined are significantly less faith based but in different ways and with different structures The authors show how the three shelters tackle homelessness differently drawing on narrative biographical interviews and case studies with residents interviews with staff and case study research of the three shelters Entering into significant debates in social theory over religion agency cognitive action and culture this book is important reading for scholars and students in religious studies sociology and social work Becoming a True Spiritual Community Larry Crabb,2007-07-08 In today s frenetic society people rarely develop intimate friendships Instead they spend their lives essentially disconnected from others rushing through life content with brief visits and casual conversations But what if one were to develop a community a spiritual community of people who walked with and supported each other through life s journey A community of real friends who listened to each other s personal tragedies without merely trying to fix the problems who encouraged and nurtured each other s strengths and who accepted people for who they really are instead of the image they try to portray In Becoming a True Spiritual Community formerly titled The Safest Place on Earth Larry Crabb explores such a place where God can heal disconnected people and allow them to reconnect with each other and ultimately with Him **Greater Community Spirituality** Marshall Vian Summers,2013-09-28 In the Greater Community of Worlds the idea of God is presented differently than it is in this world In the Greater Community the idea of God must be translatable from one society to another where the customs and the rituals the ideas and the areas of specific application will be unique to each world s spiritual awareness and devotional practices All that can be translated is the pure experience of Knowledge the experience of Universal Mind profound awareness and total relationship This is the experience which will be presented in this book an experience of translatable spirituality that is shared between intelligent life everywhere Its application is universal Its experience is universal Its communication is universal The direction that it establishes for sentient beings everywhere is universal Greater Community Spirituality encompasses a larger panorama of life and includes all that has been created here and beyond in all dimensions in all frameworks So complete is it that you cannot fathom its Mystery exhaust its Wisdom or penetrate its Knowledge But you can be the recipient of these things and you can translate them into your own experience and apply them here at great benefit to yourself and to others The world is now emerging into a Greater Community of Worlds Therefore it is necessary for Greater Community Spirituality to be presented here to enable humanity to prepare mentally emotionally and spiritually for the great change that is coming and the great opportunities that this change represents To learn about the Greater Community you must learn of its reality This then is a blessing that you may receive a Greater reality a Greater religion and a Greater God Spirituality and Community Donald Calhoun,1995 Quest for Spiritual Community Angela H.
