Sporting Life The Journals:

The Story of Your Life James Lambie,2010 The intriguing story and turbulent history of a paper Charles Dickens praised for its range of information and profundity of knowledge and which Queen Elizabeth the Queen Mother simply endorsed with the remark Of course I read The Sporting Life It was the Queen Mother s love of horseracing that made her such an avid reader of the Life and coverage of that sport forms the core of this book but there is so much more to fascinate the reader including eyewitness accounts of the first fight for the heavyweight championship of the world and Captain Webb s heroic Channel swim of 1875 Highlights in the history of cricket football and rugby are also featured while chapters on coursing and greyhound racing rank alongside surreal reports on ratting contests and songbird singing competitions And for 30 years Tommy Wisdom made his motoring reports unique by competing against the best at Brooklands Le Mans and in many Monte Carlo rallies while Henry Longhurst s golfing column was simply the best The paper s strident campaigns for racing reforms are also chronicled along with its coverage of major news stories from Fred Archer s shocking suicide to its own untimely demise Its travails in the law courts are documented from its first year when it was forced to change its title to its last when it had to pay libel damages to the training team of Lynda and Jack Ramsden and their jockey Kieren Fallon A higher price was paid by its French correspondent who was killed in a duel over an article he had written while the terrible toll the First World War took on the nation s sporting heroes is catalogued by the Life s embedded army correspondent against a background of political bungling that is being repeated today

The Irish and the Making of American Sport, 1835-1920 Patrick R. Redmond,2015-03-07 Jerrold Casway coined the phrase The Emerald Age of Baseball to describe the 1890s when so many

Irish names dominated teams rosters But one can easily agree and expand that the period from the mid 1830s well into the first decade of the 20th century and assign the term to American sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke in 1836 through to Jack B Kelly s rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids recounting the various victories and defeats of the Irish sportsman seeking instead to deal with the complex interaction that he had with alcohol gambling and Sunday leisure pleasures that were banned in most of America at some time or other between 1836 and 1920 This book also covers the Irish sportsman s close relations with politicians his role in labor relations his violent lifestyle and by contrast his participation in bringing respectability to sport It also deals with native Irish sports in America the part played by the Irish in Team USA s initial international sporting ventures and in the making and breaking of amateurism within sport
