Sputnik & Other Poems Ulick O'Connor, 1967 **American Poetry since 1945** Eleanor Spencer-Regan, 2017-09-16

This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era *The Soul of the Haiku* Giuseppe Viscusi, 2016-09-12 The author Pino Viscusi witness of changes in culture and traditions of the 21st century sees in haiku poems an important element for the integration and union among people If art is universal in its nature the exercise of writing haiku verses can affect the lives of all from the youngest to the elderly allowing us to rediscover the enchantment of nature and the love for small things **Encyclopedia of Beat Literature** Kurt Hemmer, 2010-05-12 Discusses the literary works and great authors of the Beat Generation *No Requiem for the Space Age* Matthew D. Tribbe, 2014-06-06 During the summer of 1969 the summer Americans first walked on the moon musician and poet Patti Smith recalled strolling down the Coney Island Boardwalk to a refreshment stand where pictures of Jesus President Kennedy and the astronauts were taped to the wall behind the register Such was the zeitgeist in the year of the moon Yet this holy trinity of 1960s America would quickly fall apart Although Jesus and John F Kennedy remained iconic by the time the Apollo Program came to a premature end just three years later few Americans mourned its passing Why did support for the space program decrease so sharply by the early 1970s Rooted in profound scientific and technological leaps rational technocratic management and an ambitious view of the universe as a realm susceptible to human mastery the Apollo moon landings were the grandest manifestation of postwar American progress and seemed to prove that the United States could accomplish anything to which it committed its energies and resources To the great dismay of its many proponents however NASA found the ground shifting beneath its feet as a fierce wave of anti rationalism arose throughout American society fostering a cultural environment in which growing numbers of Americans began to contest rather than embrace the rationalist values and vision of progress that Apollo embodied Shifting the conversation of Apollo from its Cold War origins to larger trends in American culture and society and probing an eclectic mix of voices from the era including intellectuals religious leaders rock musicians politicians and a variety

of everyday Americans Matthew Tribbe paints an electrifying portrait of a nation in the midst of questioning the very values that had guided it through the postwar years as it began to develop new conceptions of progress that had little to do with blasting ever more men to the moon No Requiem for the Space Age offers a narrative of the 1960s and 1970s unlike any told before with the story of Apollo as the story of America itself in a time of dramatic cultural change **Paperbound Books in Print** ,1991 **A Gallery to Play to** Phil Bowen,2008-01-01 In the summer of 1967 Tony Richardson of Penguin Books took a chance Then Penguin s poetry editor Richardson devoted the tenth volume of the highly prestigious Penguin Modern Poets series to three unknown writers from Liverpool Adrian Henri Roger McGough and Brian Patten Little did anyone anticipate that the book produced The Mersey Sound would become one of the best selling poetry anthologies of all time A Gallery to Play To is an intimate account of the lives and careers of the three poets featured in that 1967 volume and with unparalleled access to the lives of Henri McGough and Patten the author has produced an indispensable volume for anyone interested in British poetry popular culture and literary society over the last forty years Originally published in 1999 this revised edition includes new interviews with Patten and McGough as well as a fully updated text and introduction *The Deer's Cry* Patrick Murray,1986 **The Publishers' Trade List Annual** ,1980 **The Longer Poems of Velimir Khlebnikov** Vladimir Markov,1962 **Canadian Literature** ,1959 **Contemporary Authors** ,1974 *Subject Catalog* Library of Congress,1965 *Poetry Australia* ,1974 *Chicorel Index to Poetry in Anthologies and Collections in Print: A-Ex* Marietta Chicorel,1974 **University of California Publications in Modern Philology** ,1962 **Scanning the Century** Peter Forbes,1999 1900 1914 1914 1918 The Russian revolution 1917 1921 The Jazz age 1921 1929 The thirties Fascism v Communism 1933 1939 World War LL 1939 1945 The Holocaust 1933 1945 The atomic bomb The fifties Communism 1945 1989 Decolonization 1947 Rural life The cold war 1945 1989 The sixties Civil rights 1930s 1968 Vietnam 1964 1973 The Middle East 1948 Politics The seventies Ireland The environment Travel Work Home Love Newsreel C Day Lewis On Poetry Robert Graves,1969 University of Toronto Quarterly University of Toronto,1990 *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress.
