Parliament. House of Commons,1906      **Index Digest, Volumes 51 to 60, Lawyers' Reports Annotated** ,1904      *1492-2020 HISPANIC HERITAGE TIMELINE* Yolanda Zarate,2022-01-20 The Hispanic heritage timeline from 1492 to 2020 evolved with Christopher Columbus and his famous discovery of America in 1492 The voyage for Columbus was sponsored by Queen Isabella and King Ferdinand and the Royal Crown of Old Castile present day Spain The voyage was done under the theory of Columbus that the world was round and not flat Columbus sailed west to reach the East Indies to buy spices for the Royal Crown Columbus did not find a short route to the East Indies by sailing west but found America for the Royal Crown of Old Castile America had vast lands rich in gold silver and precious stones and large River Valleys It was the ideal land for a new province to the Royal Crown of Old Castile America was indeed claimed by the Royal Crown of Old Castile in 1492 At the time it was not known that it was not just America but also the Americas South Central and North America So it was the Royal Crown of Old Castile that claimed the

Americas making a major impact on the rest of world The Royal Crown sent the most trustworthy citizens to the New World as it was known then to explore settle and improve the new land In essence it was those of Hispanic heritage who explored settled and improved the Americas The first settlers in present day Texas USA and present day USA were Hispanics Without the Royal Crown of Spain and Hispanic heritage Texas and the USA would have had a different status in the world of today In essence versus consequences the Hispanic heritage was the prelude to Texas USA and the USA regardless of how the belief has been for centuries The Hispanic heritage forever it will be

**Justice Stephen Field** Paul Kens,1997 Outspoken and controversial Stephen Field served on the Supreme Court from his appointment by Lincoln in 1863 through the closing years of the century No justice had ever served longer on the Court and few were as determined to use the Court to lead the nation into a new and exciting era Paul Kens shows how Field ascended to such prominence what influenced his legal thought and court opinions and why both are still very relevant today One of the famous gold rush forty niners Field was a founder of Marysville California a state legislator and state supreme court justice His decisions from the state bench and later from the federal circuit court often placed him in the middle of tense conflicts over the distribution of the land and mineral wealth of the new state Kens illuminates how Field s experiences in early California influenced his jurisprudence and produced a theory of liberty that reflected both the ideals of his Jacksonian youth and the teachings of laissez faire economics During the time that Field served on the U S Supreme Court the nation went through the Civil War and Reconstruction and moved from an agrarian to an industrial economy in which big business dominated Fear of concentrated wealth caused many reformers of the time to look to government as an ally in the preservation of their liberty In the volatile debates over government regulation of business Field became a leading advocate of substantive due process and liberty of contract legal doctrines that enabled the Court to veto state economic legislation and heavily influenced constitutional law well into the twentieth century In the effort to curb what he viewed as the excessive power of government Field tended to side with business and frequently came into conflict with reformers of his era Gracefully written and filled with sharp insights Kens study sheds new light on Field s role in helping the Court define the nature of liberty and determine the extent of constitutional protection of property By focusing on the political economic and social struggles of his time it explains Field s jurisprudence in terms of conflicting views of liberty and individualism It firmly establishes Field as a persuasive spokesman for one side of that conflict and as a prototype for the modern activist judge while providing an important new view of capitalist expansion and social change in Gilded Age America
