Transactions of the American Institute of Mining Engineers , 1884 *Back from the Dead* Knox Mahlaba, 2014-04-01

Back from the Dead The Rising of an African Spirit is a celebration of life its different seasons and the struggle to overcome It is an anthology consisting of fifty poems some poems are images of personal struggles others visualize the celebration of love and a few are odes to great leaders and historical reflections The single message this book intends to transfer to the reader is that a sense of self love and appreciation does a world of good Throughout the book references are made to Africa with the sole intention of encouraging people Africans on the continent and across the Diaspora to reflect on their rich identity take responsibility for their self concept and to be proud of their heritage in order to inject a greater sense of self worth and responsibility in their daily lives

My Heart Semezdin Mehmedinovic, 2022-08-23

A New York Times Book Review Editors Choice Calm and contemplative softened by melancholy humor and always alive to beauty Throughout *My Heart* Mr Mehmedinovi takes up the exile s perpetual investigation into memory trying to reconcile the defining traumas of the past with the tendency of time to scrub them away Remembering and forgetting stand side by side they re made of the same substance That substance whatever it is pulses throughout this noble and large souled work of literature Sam Sacks Wall Street Journal Though it deals with tragedy *My Heart* is never depressing partly because of the beauty of the language expertly translated from the Bosnian by Celia Hawkesworth and partly because of its depth and honesty of emotion its intelligence and generosity of spirit and the precision and originality of Mehmedinovic s observations A powerful at once profound and charming book Francine Prose The New York Times Book Review Today it seems was the day I was meant to die When a writer suffers a heart attack at the age of fifty he must confront his mortality in a country that is not his native home Confined to a hospital bed and overcome by a sense of powerlessness he reflects on the fragility of life and finds extraordinary meaning in the quotidian In this affecting autobiographical novel Semezdin Mehmedinovic explores the love he and his family have for one another strengthened by trauma their harrowing experience of the Bosnian war which led them to flee for the United States as refugees eerie premonitions of Donald Trump s presidency the life and work of a writer and the nature of memory and grief Poetically explosive and pure to the core *My Heart* serves as a kind of mirror reflecting our human strengths and weaknesses along with the most important issues on our minds love and death the present and the past sickness and health leaving and staying

Sara Scott's book is a very powerful work not only in terms of the subject matter and the politics of intense violence and violation that it explores but also as a commentary on methodology and the nature of power. She thus contributes to the empowerment of survivors and the breaking of closures on debate and intervention. Professor Jeff Hearn, University of Manchester, author of *The Violences of Men* through exemplary use of theory and research. Scott's analysis of ritual abuse moves forward key debates within feminism, therapy, and social science more generally. This eloquent book confirms established sociological wisdom that great insights are produced from skilful research into boundary cases. Lois Bryson, Emeritus Professor, Research Institute for Gender and Health, University of Newcastle, Australia, very carefully researched, argued, and presented. It contains some very important and highly shocking and disturbing material which is handled in a highly sensitive way. Professor Mary Maynard, Department of Social Policy and Social Work, University of York. This book makes an important contribution to the existing literature and debate on ritual abuse as well as to the understanding of gendered violence and abuse more generally. Marianne Hester, Professor of Sociology and Social Policy, University of Sunderland. We live in an era characterised by contradictions, not least in relation to the issue of ritual abuse which emerged as a social problem only to have its existence immediately challenged by a discourse of disbelief. While many academics have ranked amongst the sceptics in this debate, Sara Scott is a sociologist who takes her respondents seriously as well as acknowledging the interests and experiences which have shaped her own position. *The Politics and Experience of Ritual Abuse* offers insight into why ritual abuse has become such a contested issue while enabling the reader to explore the meaning of ritual abuse through the accounts of those who claim direct experience. Drawing on her research with adults who identified themselves as survivors, the author argues that the wholesale dismissal of such accounts as false memories produced by a moral panic may be somewhat premature. *The Politics and Experience of Ritual Abuse* has been written for anyone interested in the specific controversy over ritual abuse, including students and researchers in criminology, social work, sociology, and women's studies.

The Analogy of Religion Natural and Revealed to the Constitution and Course of Nature Butler, 1890 Drugs and Society Glen R. Hanson, Peter J. Venturelli, Peter Platteborze, 2024-10. As a long-standing reliable resource, *Drugs Society* Fifteenth Edition continues to captivate and inform students by taking a multidisciplinary approach to the impact of drug use and abuse on the lives of average individuals. The authors have integrated their expertise in the fields of drug abuse, pharmacology, and sociology with their extensive experiences in research, treatment, drug policy making, and drug policy implementation to create an edition that speaks directly to students on the medical, emotional, and social damage drug use can cause. **NEW** Includes new and updated content on important topics such as The potential value of

genetics in assessing risk consequences and treatment of drug use disorder or addiction
The abuse and extent of performance enhancing drugs in athletic and sport activity
