Sudden Wealth:

The Sudden Wealth Solution: 12 Principles to Transform Sudden Wealth Into Lasting Wealth Robert Pagliarini, 2015-04-28 Robert's book is the Bible of sudden wealth. So read it now MARY BUFFETT New York Times bestselling author of Buffettology Up to 90% of sudden wealth is lost according to research. Why? What makes sudden wealth so different and so fleeting for so many people? And more importantly, how can you avoid the unforeseen dangers and mistakes even the most money smart and sophisticated people often make? Sudden wealth is a roller coaster ride of emotions from the highest highs to the lowest lows. Sudden wealth is often portrayed as creating dire consequences for its recipients, but it can be an amazing opportunity that improves your life and those around you. I've worked with enough sudden wealth clients over the years to see patterns: what works and what doesn't. With proper guidance and a willingness to stick to the 12 Principles outlined in this book, you can avoid the common pitfalls that so often destroy money and instead transform your sudden wealth into lasting wealth to create a better life for yourself and others. Here are just a few things you'll learn in *The Sudden Wealth Solution*: What does sudden wealth and surviving a disaster have in common? This one idea can help protect your money for generations. Learn about the three sudden wealth stages and what they mean. Never be caught off guard again. Learn just one sentence for when someone asks you for a loan or to invest in a project. Should you avoid making decisions after getting your sudden wealth? No. Doing so could cost you millions and be disastrous. Discover the decisions you are safe to make and those you must not make right after getting your windfall. Learn what time of day you should schedule phone calls and meetings with your advisors. Learn an effective and step-by-step method to choose the right attorney, CPA, and financial advisor for you. Read about the 8 key rules you can use to evaluate every financial advisor you interview. What's a Driver vs a Passenger? You'll understand how this can help you make the important decisions. Overwhelmed and not sure what to do? Learn how to relax and start making progress. You might be surprised about the places you shouldn't look for an advisor. Certain money beliefs can make it nearly impossible to create lasting wealth. Learn which money beliefs you have and how to reset them. What to communicate immediately to friends and family after receiving sudden wealth. Copy a short note from the book that you can email to friends and family that puts you in control. Does it ever make sense to stretch the truth? You'll read why it just might.
