Sudden Awakening Into Direct Realization:

Sudden Awakening Eli Jaxon-Bear,2012-08 Everyone wants to be happy This is a universal component of the human condition and may seem so self evident that it does not bear noting So why is it that so few people are truly happy If it is true that our nature is happiness and bliss why has it been so rare for people to realize this Why has it been so rare for people to live their lives in gratitude and love There is a living intelligence in all people that seeks ultimately to discover its true identity and source It is a fortunate and mysterious moment when the desire for happiness leads to the investigation into personal identity also known as self inquiry In the light of direct self inquiry limitations that once seemed to define oneself are discovered to be more like transparent lines drawn on water They exist only on the surface of consciousness in one s imagination When these illusions of mind are clearly exposed true limitless being reveals itself Front flap **Sudden**

Awakening Eli Jaxon-Bear,2015-08-01 Everybody wants to be happy Unfortunately relatively few achieve bliss Eli Jaxon Bear explores how it is possible to achieve lives filled with gratitude and love True happiness and meaning are achieved he asserts when we wake up stop our minds and open our hearts It is then that we discover our true selves our core identity that is part of the ultimate living intelligence of the universe our true source Like Gangaji Jaxon Bear uses a method of self investigation called self inquiry In the light of direct self inquiry limitations that once seemed to define ourselves are discovered to be more like transparent lines drawn on water They exist only on the surface of consciousness in one s imagination When these illusions of mind are clearly exposed true limitless being reveals itself This is a book that will appeal to those who are fans of Gangaji Byron Katie and Eckart Tolle It is an articulate and helpful expression of a path to fulfillment for those wrestling with questions of identity and meaning *Hidden Zen* Meido Moore,2020-10-13 Discover hidden practices secretly transmitted in authentic Zen lineages of using body speech and mind to remove obstructions to awakening Though Zen is best known for the practices of koan introspection and just sitting or shikantaza there are in fact many other practices transmitted in Zen lineages In modern practice settings students will find that Bodhidharma s words direct pointing at the human mind are little mentioned or else taken to be simply a general descriptor of Zen rather than a crucial activity within Zen practice Reversing this trend toward homogeneous and superficial understandings of Zen technique *Hidden Zen* presents a diverse collection of practice instructions that are transmitted orally from teacher to student unlocking a comprehensive path of awakening This book reveals and details for the first time a treasury of direct pointing and internal energy cultivation practices preserved in the Rinzai Zen tradition The twenty eight practices of direct pointing offered here illuminate one s innate clarity and ultimately the nature of mind itself Over a dozen practices of internal energetic cultivation galvanize dramatic effects on the depth of one s meditative attainment *Hidden Zen* affords a small taste of the richness of authentic Zen helping readers grow beyond the bounds of introspection and sitting to find awakening itself **Numinous Awareness Is Never Dark**

,2016-10-31 *Numinous Awareness Is Never Dark* examines the issue of whether enlightenment in Zen Buddhism is sudden or

gradual that is something intrinsic to the mind that is achieved in a sudden flash of insight or something extrinsic to it that must be developed through a sequential series of practices This sudden gradual issue was one of the crucial debates that helped forge the Zen school in East Asia and the Korean Zen master Chinul's 1158-1210 magnum opus *Excerpts* offers one of the most thorough treatments of it in all of premodern Buddhist literature According to Chinul's analysis enlightenment is both sudden and gradual Zen practice must begin with a sudden awakening to the numinous awareness the sentience or buddha nature that is inherent in all sentient beings Such an awareness does not need to be developed but must simply be recognized or better recognized through the unmediated experience of insight Even after this initial awakening however deeply engrained proclivities of thought and conduct may continue to disturb the practitioner these can only be removed gradually as his or her practice matures Chinul's sudden awakening gradual cultivation soteriology became emblematic of the Buddhist tradition in Korea *Excerpts* translated here in its entirety by the preeminent Western specialist in the Korean Buddhist tradition goes on to examine Chinul's treatments of many of the quintessential practices of Zen Buddhism including nonconceptualization or no thought and the concurrent development of meditation and wisdom as well as for the first time in Korean Zen examining meditative topics *kanhwa* S n what we in the West know better as *kan* after its later Japanese analogues Fitting this new technique into his preferred soteriological schema of sudden awakening gradual cultivation was no simple task for Chinul *Numinous Awareness Is Never Dark* offers an extensive study of the contours of the sudden gradual debate in Buddhist thought and practice and traces the influence of Chinul's analysis of this issue throughout the history of the Korean tradition Copiously annotated the work contains extensive selections from the two traditional Korean commentaries to the text In Buswell's treatment Chinul's *Excerpts* emerges as the single most influential work written by a Korean Buddhist author

Jackson,2019-10-29 A definitive study of one of the most important practices in Tibetan Buddhism with translations of a number of its key texts Mahamudra the great seal refers to the ultimate nature of mind and reality to a meditative practice for realizing that ultimate reality and to the final fruition of buddhahood It is especially prominent in the Kagy tradition of Tibetan Buddhism so it sometimes comes as a surprise that mahamudra has played an important role in the Geluk school where it is part of a special transmission received in a vision by the tradition s founder Tsongkhapa Mahamudra is a significant component of Geluk ritual and meditative life widely studied and taught by contemporary masters such as the

Dalai Lama Roger Jackson's *Mind Seeing Mind* offers us both a definitive scholarly study of the history texts and doctrines of Geluk mahamudra and masterful translations of its seminal texts. It provides a skillful survey of the Indian sources of the teaching, illuminates the place of mahamudra among Tibetan Buddhist schools, and details the history and major textual sources of Geluk mahamudra. Jackson also addresses critical questions such as the relation between Geluk and Kagyu mahamudra and places mahamudra in the context of contemporary religious studies. The translation portion of *Mind Seeing Mind* includes ten texts on mahamudra history, ritual, and practice. Among these are the First Panchen Lama's root verses and autocommentary on mahamudra meditation, his ritual masterpiece *Offering to the Guru*, and a selection of his songs of spiritual experience. *Mind Seeing Mind* adds considerably to our understanding of Tibetan Buddhist spirituality and shows how mahamudra came to be woven throughout the fabric of the Geluk tradition. **The Buddhist World** John

Powers, 2015-10-05. *The Buddhist World* joins a series of books on the world's great religions and cultures, offering a lively and up-to-date survey of Buddhist studies for students and scholars alike. It explores regional varieties of Buddhism and core topics including Buddha nature, ritual, and pilgrimage. In addition to historical and geopolitical views of Buddhism, the volume features thematic chapters on philosophical concepts such as ethics, as well as social constructs and categories such as community and family. The book also addresses lived Buddhism in its many forms, examining the ways in which modernity is reshaping traditional structures, ancient doctrines, and cosmological beliefs. **Sōn Thought in Korean Buddhism**, 1998

Yixuan, 2009. *The Linji lu Record of Linji* has been an essential text of Chinese and Japanese Zen Buddhism for nearly a thousand years. A compilation of sermons, statements, and acts attributed to the great Chinese Zen master Linji Yixuan d. 866, it serves as both an authoritative statement of Zen's basic standpoint and a central source of material for Zen koan practice. One of the earliest attempts to translate this important work into English was by Sasaki Shigetsu (1882-1945), a pioneer Zen master in the U.S. and the founder of the First Zen Institute of America. At the time of his death, he entrusted the project to his wife Ruth Fuller Sasaki. Determined to produce a definitive translation, Mrs. Sasaki assembled a team of talented young scholars, both Japanese and Western, who in the following years retranslated the text in accordance with modern research on Tang dynasty colloquial Chinese. The materials assembled by Mrs. Sasaki and her team are finally available in the present edition of the *Record of Linji*. The notes, nearly six hundred in all, are almost entirely based on primary sources and thus retain their value despite the nearly forty years since their preparation. **Wake Up Now** Stephan Bodian, 2010-04-24
