**Crying for Our Elders** Kristen E. Cheney, 2017-03-05 The HIV AIDS epidemic in Africa has defined the childhoods of an entire generation Over the past twenty years international NGOs and charities have devoted immense attention to the millions of African children orphaned by the disease But in *Crying for Our Elders* anthropologist Kristen E Cheney argues that these humanitarian groups have misread the orphan crisis She explains how the global humanitarian focus on orphanhood often elides the social and political circumstances that actually present the greatest adversity to vulnerable children in effect deepening the crisis and thereby affecting children's lives as irrevocably as HIV AIDS itself Through ethnographic fieldwork and collaborative research with children in Uganda Cheney traces how the

best interest principle that governs children's rights can stigmatize orphans and leave children in the post antiretroviral era even more vulnerable to exploitation. She details the dramatic effects this has on traditional family support and child protection and stresses child empowerment over pity. *Crying for Our Elders* advances current discussions on humanitarianism, children's studies, orphanhood, and kinship. By exploring the unique experience of AIDS orphanhood through the eyes of children, caregivers, and policymakers, Cheney shows that despite the extreme challenges of growing up in the era of HIV/AIDS, the post-ARV generation still holds out hope for the future.

**Suffering in Silence** Latifah Hameen, 2006-06

*Touching Uplifting and Inspiring* This book is designed for you to feel the hurt, love, and witness the struggles of my life. The experience of pain will be felt through my words, but evidence will be seen of strength, endurance, and persistence that kept me working and moving toward a path of healing. God was truly the force and strength behind it all. Illustrated will be a consistent pattern of the abuse cycle, and then you'll notice how I slowly came through each relationship with a little more knowledge of abuse and a better understanding of myself. Eventually, I realized the love I searched for all my life had to start inside of me. I had to nourish me with love before I could give or expect it from anyone else. Through my years of suffering in silence, I've learned to break the cycle of abuse and continue to develop SELF LOVE.

It discusses a wide variety of topics, starting with the growing pains of a child and followed by the functional or dysfunctional friendships, relationships, and marriages of adults, and concludes with the moment of truth found in the discovery of self.
