Walter Lyon Blease

The Irish Administrative System:

The Irish Administration R. B. McDowell, 2024-10-01 The developments and achievements of the Irish administration overshadowed by the more spectacular aspects of Irish history have received comparatively little attention But Irish conditions in the 19th Century encouraged and compelled the state to exert itself on a more extensive front than in contemporary England and a number of government departments played a very active and often creative part in Irish social and economic life In this work originally published in 1964 and based on a wide range of printed and manuscript sources the author shows how the administrative structure was drastically rationalised and modernised The author is also interested both in the work the administration performed and the men who staffed it The Irish administration during the century came into contact with many different aspects of Irish society *The Irish Administrative System* T. J. Barrington, 1980 **The Government and Politics of Ireland** Basil Chubb, 2014-06-17 The third edition of *Government and Politics in Ireland* has been updated to take account of the political developments that have taken place in Ireland between 1981 and 1991 Amongst the topics covered are political parties pressure groups the government and the Dail and local government Public Sector Reform in Ireland Muiris MacCarthaigh, 2017-07-04 This book provides a thematic case study analysis of the wide ranging public sector reforms introduced in one of the states most deeply affected by the global financial crisis the Republic of Ireland It presents a timely and apposite examination of how a crisis can be used to overcome barriers and facilitate new reform agendas The study draws upon unique insider access to the centre of Irish government as well as interviews with over 60 key figures to examine the implementation of those reforms over the 2011-16 period The book opens with a contextual analysis of the creation of the Department of Public Expenditure and Reform Subsequent chapters explore the process of shrinking the Irish state renegotiating the political administrative bargain expenditure reforms administrative culture reforms and political reforms This rich in action study of a reform agenda undertaken during a period of crisis will appeal not only to students of executive politics cutback management and public sector reform but also to practitioners seeking to implement administrative reforms Comparative Public Administration J.A. Chandler, 2002-09-11 This accessible introduction to the system of public administration uses a clear country by country analysis and includes new public management approaches Including often neglected areas such as the European Union Japan Britain France Germany The Republic of Ireland Italy Sweden and the United States this student friendly volume is a highly valuable resource for students of Politics and Administration at all levels Dublin Castle and the Irish People Richard Barry O'Brien, 1909 **History of Ireland** Edward Alfred D'Alton, 1925 **Civil Service Systems in Western Europe** A.
