*The 18 Inch Principle* Mike Burnard, 2015-07-14 This book does not provide neutral ground Once you've read it you either hate it and reject it or you love and embrace it The 18 Inch Principle confronts us with a U turn in the field of missions Church and missions are not two separate realities missions is constitutive to the Church The very existence of the Church is missional However for Mike Burnard mission is not entertainment religious tourism professional speeches or philanthropic projects Drawing from Biblical principles and a long experience with the persecuted Church Mike argues convincingly that mission is both the embodiment of the Gospel in the life of every true believer and a clear proclamation of the Gospel to a lost world Willingness to endure persecution suffering and martyrdom for the Gospel is the genuine mark of Biblical mission Paul Negrut PhD Professor of Theology Emanuel University of Oradea Romania and Pastor of the Emanuel Baptist Church of Oradea Romania I have finally finished reading the 18 Inch Principle WOW What an amazing truthful book I just wish every Christian could get their hands on a copy I think the content of the book doesn't only apply to missions but to every God-fearing Christian I have shed many tears throughout the book and after your conclusion I just wept I have learnt a lot and it has been such a blessing to me Gigi Raimbault Student at Africa for Jesus Mission School One of the most profound books I have ever read We are challenged in an unprecedented way to follow in the steps of Jesus The commitment needed to bring in the end time harvest is clearly spelled out The plight of the lost millions without Jesus depends on our commitment to be obedient to a sacrificial lifestyle Christo Walters Missions mobiliser Gauteng If you are looking for fluffy feel good then this book is not for you Be prepared for a challenging read that will evoke raw emotion disagreement agreement inspiration and hopefully action We have been given all things equipped washed clean for the work God has called all of us to do Its time to leave the physical building we like to call the Church but isn't and get out there and get busy So strap yourself in have your pen and highlighter handy take your time and thank God for this amazing journey Curt Vahle Just a guy from Indianapolis Indiana

*The Dialectics of Discipleship* Chris Swann, 2023-08-24 Interrogating Barth's discipleship shaped vision of sanctification this book investigates both Lutheran and Calvinist source material to develop an account that differs markedly from other Lutheran and Calvinist perspectives Highlighting the robustly theological and Christ-centred character of Barth's account Chris Swann demonstrates that far from merely valorising human activity Barth advances an understanding of human moral agency action and suffering that is real but relative to the agency of God in Christ to which it corresponds analogously With a focus on the role the image of discipleship plays in giving conceptual structure and shape to Barth's distinctive account of the correspondence between divine agency and sanctified human agency this book evaluates the ramifications of his discipleship shaped vision of sanctification In doing

this it gives special attention to Barth's own personal mixed record with regard to Christian discipleship. Ultimately Swann retrieves a number of important resources for contemporary theological ethics from Barth's theology of discipleship. 105

*Esoteric Traditions of the World Book IV: Future Seeds of Sealed Wisdom: Ayahuasca Vedanta Alchemy Kabbalah Damanhur Rainbow Body Starseed Christianity Feminine Animism Dream Yoga Digital Shamanism Taoist-Tibetan Geometry Tensegrity*

Laing Z. Matthews, 2025-09-20 *Esoteric Traditions of the World Volume IV Future Seeds of Sealed Wisdom*

The sacred is not dying. It is mutating. For centuries the world's esoteric traditions have survived exile, suppression, and obscurity. From the temples of Egypt to the mountain hermitages of Tibet, from the vine medicine songs of the Amazon to the internal alchemy of China, these living currents have persisted, guarded by small circles of initiates, passed in whispers kept alive through disciplined practice. In the first three volumes of *Esoteric Traditions of the World*, Laing Z. Matthews charted 105 sacred paths, mapping their origins, tracing their survival, and revealing the symbolic architectures that hold their power. Now in Volume IV, we arrive at a new threshold. The 21st century's acceleration, technological, cultural, ecological, presses these traditions as never before. Some shatter into performance and marketing. Others adapt with startling resilience, forming unexpected hybrids that merge root and ray, serpent and dove, Amazonian ayahuasca interfacing with artificial intelligence. Sacred geometry animating living code, Taoist microcosmic orbit meeting Tibetan rainbow body logic, Dreaming networks cohering fields of awareness without physical presence. This book serves both as a witness documenting endangered forms before they vanish and as a manual for those called to carry the seed forward. It offers three survival criteria: Rootedness, Resonance, and Ritual Integrity, as a lens for discerning which new forms hold the fire and which are empty shells. You will also meet the modern warriors of awareness, practitioners training quietly in energy passes, recapitulation, and stalking dreamers who gather for coherence rather than ego hybrids who navigate ancient maps with contemporary tools. These are the perceptual renegades who move between worlds without leaving footprints. Inside you will find Profiles of living hybrid traditions that adapt without betrayal. Warnings against commodification, mimicry, and shallow repackaging. Criteria for recognizing what will survive the century's trials. Visionary reflections and practical rituals for shifting your own assemblage point. A closing invocation for those who will guard and plant the future's sacred seeds. Neither utopia nor apocalypse, this is initiation, a purifying passage where only what has passed through fire, body, and silence will enter the next world intact. For the scholar, this is a field record of rare and endangered lineages. For the practitioner, it is a set of keys for meeting the sacred where it now lives. For the carrier of the seed, it is a reminder: You are not here to worship the ashes. You are here to light the next fire.
