## **The Natural Man:**

**The Natural Man Directed to Jesus Christ** Francis Roberts, C. Matthew McMahon, 2015-07-13 In the present day many professing Evangelicals believe that salvation stems from a superficial display of moral behavior believe in Jesus and nothing more is required in the life of a Christian Roberts viewed this approach as the efforts of a natural man attempting to accumulate merit before God to secure eternal life a deceptive scheme crafted by the devil for the unsuspecting soul His book aims to guide sinners away from these innate inclinations and towards Jesus Christ It s more than a mere invitation to Christ it s a robust tool designed to jolt the sinner s understanding into grasping the fundamental aspects of the Gospel of Jesus Christ concerning sin and salvation This book serves as a heartfelt guide mapping the path for the natural man towards the redeeming grace of King Jesus Some have remarked that this particular book stands as an unparalleled exhortation in the lineage of Christian literature It explores deeply the covenant of God detailing the ways and means through which a sinner guided and changed by God can achieve salvation It elucidates the path to saving grace and to the sole Redeemer of God s chosen with what many believe to be some of the most compelling and poignant directives and descriptions in the Gospel Its impact has been compared to and some say even exceeds the urgency found in Alleine s Alarm to Unconverted Sinners Roberts primary aim with this work was to not only spark interest in Christ among sinners but also to guide them towards the sole means of salvation This was achieved through targeted potent straightforward and factual sermonizing and writing It s likely that you have never encountered such preaching or writing before As the Scriptures are thoroughly explored they reveal the essence of Gospel beauty glorifying Christ in their accuracy fervor and theological depth Christians and non Christians will find themselves transformed by this work if they take it to heart sincerely After reading his twenty four specific directions for discovering the true biblical Christ readers will inevitably find themselves either closer to heaven or closer to hell

**Understanding the Struggle Between Natural Man Vs. Spiritual Man** Robert Childress, 2018-02-05 This book offers a pace of hope and rest toward the struggling soul a rest that struggles not in a comfort zone to willfully sin but a rest from the battle to bring peace to the soul It is my prayer that the reader will be inspired encouraged and challenged to find rest in Christ now and in eternity

**John Wesley, Natural Man, and the 'Isms'** J. Robert Ewbank, 2009-06-05 John Wesley founder of the Methodist Church is one of the world s greatest religious figures A practical rather than systematic theologian he wrote and preached for the common man He is well known as a man of one book the Bible but he read like no other during his time We are left with fourteen volumes of his works and eight each of his letters and journals His brother became the troubadour of Methodism writing countless hymns John also took classic Christian works and edited them for the common man to read And if this were not enough he preached thousands of times both indoors and out In John Wesley Natural Man and the Isms J Robert Ewbank examines what Wesley thought about other religions Did he think all religions were from God and therefore there was little difference between them or did he think that there is

uniqueness in Christianity Was he concerned about other philosophies and thoughts about religion popular in his day What did he think about Natural Man the Indians the Deists the Jews the Roman Catholics and the Mystics Were they also fine with him or did he discuss the differences between them revealing where he found them wrong Furthermore what did Wesley think about the possibility of salvation for all those who held to these other positions Did he find that it is possible for them to be saved by a loving God or have they stepped outside of the bounds therefore requiring extreme difficulty to be saved
