The New Breed:

The New Breed W.E.B. Griffin,1988-07-01 From the blistering jungles of Vietnam to the far flung battlefields of the African Congo they faced the turmoil of a new era It was a different kind of war But the courage and skill of these young fighting men were an American tradition Like their fathers before them they rose up to the ultimate challenge of military valor holding their own in a storm of clashing cultures They were America s new breed The proudest and the best Power Game Hedrick Smith,2012-11-07 Washington D C The one city that affects all our lives The one city where the game has only one name Power Hedrick Smith the Pulitzer Prize winning ex Washington bureau chief of The New York Times takes us inside the beltway to show who wields the most power and for what ends The Power Game explains how some members of Congress have built personal fortunes on PAC money how Michael Deaver was just the tip of the influence peddling iceberg how dissidents in the Pentagon work to keep the generals honest how insiders and leakers use the Times and The Washington Post and their personal bulletin boards Congressional staffers more powerful than their bosses media advisors more powerful than the media money that not only talks but intimidated and threatens That s Washington That s The Power Game Praise for Power Game The Power Game may be the most sweeping and in many ways the most impressive portrait of the culture of the federal government to appear in a single work in many decades Knowledgeable and informative The New York Times Book Review There are oodles of good yarns in this book about the nature of power and the eccentricities that accompany it Delightfully fresh Hedrick Smith is a superb writer The Washington Post Not only the inside stuff but the insightful stuff an original view of the power playing William Safire **Experimental Statistics ...** Ireland, C., **Quinn Martin, Producer** Jonathan Etter,2008-09-10 Quinn Martin was the most innovative and most creative of his kind He was a man in touch with the future far more than the times His characters were not stereotypical characters His production methods were not stereotypical either He was unique in a number of ways That s why his shows did so well Lynda Day George guest star on QM s The Fugitive The FBI and other shows Producer of such television shows as The Invaders Barnaby Jones The Untouchables The Streets of San Francisco Cannon and 12 O Clock High Quinn Martin was widely admired for his devotion to his shows his hands on approach to the writing casting and editing of each episode his interactions with network executives and the high standards he set for his crew and actors This detailed study of Martin and his company examines each of his series in detail from development through cancellation Treachery and Diplomacy Sobukwe Odinga,2026-04-21 The African allies of the United States are often depicted as mere pawns or clients seeking aid Yet African leaders have deftly capitalized on security partnerships with the United States in ways that have been widely overlooked Through skillful negotiating hosting US military operations and deploying their soldiers to support Washington s strategic aims they have advanced their own interests sometimes at the expense of their citizens Treachery and Diplomacy shines a light on US Africa security partnerships revealing their simmering internal tensions hidden racial politics and consequences for peace and

democracy Sobukwe Odinga explores the contentious relations between the US and key African allies Liberia Ethiopia Zaire now the Democratic Republic of the Congo and Uganda from the Cold War to the War on Terror He brings to life the diplomatic gambits of leaders such as William Tubman Mobutu Sese Seko and Yoweri Museveni documenting how they prodded Washington to back them in regional conflicts increase aid and temper criticisms of their domestic policies Odinga also considers the African American political elites who denounced and championed US Africa security partnerships in some moments undercutting the influence of African leaders in others abetting their authoritarianism Connecting American racial thought Pan Africanism and Black transnationalism to US security policy toward Africa Treachery and Diplomacy offers new insight into how African governments have pursued their own agendas *The New Breed* Gary Chester,2006-09-01
