
The Orkney Story

An aerial photograph of a rugged coastline, likely in the Orkney Islands. The foreground shows a dark, rocky shoreline with waves crashing against the base of a high, reddish-brown cliff. The middle ground features a wide, calm bay or fjord, surrounded by rolling hills and valleys covered in green vegetation. In the distance, more hills and a hazy horizon are visible under a soft, overcast sky. The overall scene is serene and majestic.

The Orkney Story:

The Orkney Story Liv Kjörsvik Schei, Gunnie Moberg, 1985 *The Orkney Story* Liv Kjörsvik Schei, 1985 The New History of Orkney William P.L. Thomson, 2026-03-26 For much of its history Orkney had its own language culture and institutions The prehistoric inhabitants created monuments which are unmatched anywhere in Europe and the medieval period saw the magnificent earldom that expressed itself through the Orkneyinga Saga and the building of St Magnus Cathedral in Kirkwall Like Shetland Orkney was heavily influenced by Viking traders and raiders from Scandinavia and for a long period it formed an outlying part of the kingdom of Norway Over 500 years ago however the islands lost their Scandinavian links and since then have had a sometimes difficult association with mainland Scotland More recent times have seen the use of Orkney as a strategic stronghold during two world wars and the far reaching impact of oil and gas exploitation in the North Sea This classic book covers the whole fascinating story and will be of interest to readers far beyond the rocky shores of Orkney itself *The Gunns; History, Myths and Genealogy* Alastair Gunn, 2020-02-15 Here is a radical academically based text which demolishes the myths currently masquerading as Gunn history Gunns are best thought of as the original non related inhabitants of northern mainland Scotland They do not have an Orkney Islands origin Gunns should not be viewed as a clan as they had no founding ancestor There was never an historic Clan Gunn Chief The first Gunn known to history was Coroner Gunn of Caithness who died around 1450 His eldest son started the MacHamish Gunns of Killernan line many descendants from that line exist all around the world Major detail on this MacHamish line is included This book is an important addition to Scottish Highland history *The Orkneyingers' Saga*, 1894 *The Academy*, 1891 **A History of Orkney** Joseph Storer Clouston, 1932 A General History of the Christian Era: The papacy and the empire Anthony Guggenberger, 1907 **George Mackay Brown and the Philosophy of Community** Timothy C Baker, 2009-06-23 In this book Timothy C Baker situates George Mackay Brown's work within a broad literary and philosophical context to articulate how his novels engage with the question of community *A General History of the Christian Era: The Papacy and the empire. 8th and 9th ed. 1913* Anthony Guggenberger, 1900 **History of Orkney** William P. L. Thomson, 1987 From the prehistoric period which produced monuments which can scarcely be matched elsewhere in Britain and the first appearance of Orkney as the Orchades of classical writers this History traces six hundred years of Scandinavian rule and Orkney's subsequent less than harmonious five hundred year association with Scotland It provides a new assessment of Viking settlement and of the magnificent medieval earldom of which the Orkneyinga Saga and St Magnus Cathedral are enduring monuments It traces the story of the infamous Scottish earls Robert and Patrick Stewart and it provides for the first time an account of the last two hundred years including Orkney's spectacularly successful Agricultural Revolution from dust jacket

Imagining Landscapes Monica Janowski, Tim Ingold, 2016-05-13 The landscapes of human habitation are not just perceived they are also imagined What part then does imagining landscapes play in their perception The contributors to this volume drawn from a range of disciplines argue that landscapes are imagined in a sense more fundamental than their symbolic representation in words images and other media Less a means of conjuring up images of what is out there than a way of living creatively in the world imagination is immanent in perception itself revealing the generative potential of a world that is not so much ready made as continually on the brink of formation Describing the ways landscapes are perpetually shaped by the engagements and practices of their inhabitants this innovative volume develops a processual approach to both perception and imagination But it also brings out the ways in which these processes animated by the hopes and dreams of inhabitants increasingly come into conflict with the strategies of external actors empowered to impose their own ready made designs upon the world With a focus on the temporal and kinaesthetic dynamics of imagining *Imagining Landscapes* foregrounds both time and movement in understanding how past present and future are brought together in the creative world shaping endeavours of both inhabitants and scholars The book will appeal to anthropologists sociologists and archaeologists as well as to geographers historians and philosophers with interests in landscape and environment heritage and culture creativity perception and imagination
