*The Starscape Project* Brad Aiken,2004-09 At the dawn of the twenty sixth century man s definition of life is about to change It has been nearly three years since Captain Danny Stryker helped stave off the Teconean invasion of Earth A tenuous peace has been forged in the galaxy and the centennial celebration of 2500 is about to begin The festivities provide the perfect backdrop for Stryker s enemies to exact their revenge He s framed for the theft of a top secret military weapon and is forced to flee his home world of Kennedy Prime in search of evidence that will clear his name As his quest begins an artificial intelligence life form enters the galaxy and launches a series of covert attacks against the Empire The Teconeans assume that the Federation is responsible and galactic peace is about to unravel As Stryker chases his nemesis into Teconean space he finds himself thrown into the middle of the battle Knowing that Earth will be the aliens next target Stryker must decide whether to let them destroy the Empire or to join forces with his Teconean enemies against the invaders The key to the mysterious aliens lies buried on the moon of Kennedy Prime and it s up to Stryker to solve the puzzle before war begins The fate of the galaxy is at stake It s a fun fast paced story that takes you back to a simpler time If you like larger than life do no wrong heroes in a universe where good and evil are as clear as black and white than look no further Michael D Pederson Nth
