The Woman Thing:

The Human Reinstatement Joseph Cabbage,2021-12-07 When meteors strike Earth destroying every major city the fallout is immediate and devastating Surrounding towns and smaller cities survive the meteors but are thrust into an apocalyptic nightmare The survivors quickly realize it was not meteors that destroyed the major cities it was a deliberate and orchestrated attack from above The power quickly goes out and cell phones become useless People begin to loot and kill for basic necessities Survivors from across the country must now survive not only the attack but each other What is left of the US population is trying to get to an Air Force base in the Pacific Northwest that is rumored to be operational Before they can organize anything extraterrestrials begin showing up to take care of the surviving human population Most of the surviving humans are killed but a select few are spared and taken onto the mothership These are what the aliens are calling the Chosen Ones A few of the chosen ones happen upon some sinister things the aliens are doing to humans aboard The aliens eventually reveal their plans for the human race and it does not sit well with anyone The aliens have the upper hand The humans are trapped with no way of fighting back Any resistance is quickly met with deadly repercussions Three brave survivors hatch a plan to destroy the mothership and hopefully save humanity No matter if they succeed or fail the human race will never be the same again Life on Earth will forever be changed *The Grass King's Concubine* Kari
