Zen Wisdom Sheng-Yen,1998-09-01 Zen Wisdom discusses Zen meditation practices Buddhism and social issues philosophy doctrine the arts children abortion euthanasia and suicide morality medical technology material success and more Conversations with a master include power of the mind personal growth self help and spiritual practice [The History of the Medieval World](#) Susan Wise Bauer,2010-01-26 Chronicles the period between the 4th and 12th centuries when religion became the justification for political and military action a time that included the development of Islam the crowning of Charlemagne and the rise of the T ang Dynasty *Dao Companion to Chinese Buddhist Philosophy* Youru Wang,Sandra A. Wawrytko,2019-01-31 Too often Buddhism has been subjected to the Procrustean box of western thought whereby it is stretched to fit fixed categories or had essential aspects lopped off to accommodate vastly different cultural norms and aims After several generations of scholarly discussion in English speaking communities it is time to move to the next hermeneutical stage Buddhist philosophy must be liberated from the confines of a quasi religious stereotype and judged on its own merits Hence this work will approach Chinese Buddhism as a philosophical tradition in its own right not as an historical after thought nor as an occasion for comparative discussions that assume the west alone sets the standards for or is the origin of philosophy and its methodologies Viewed within their own context Chinese Buddhist philosophers have much to contribute to a wide range of philosophical concerns including metaphysics epistemology ethics philosophy of language philosophy of mind and philosophy of religion even though Western divisions of philosophy may not exhaust the rich contents of Chinese Buddhist philosophy *Zen Wisdom* Shengyan,1993 ZEN WISDOM is about Zen meditation practice philosophy and doctrine Buddhism and social issues the arts children abortion euthanasia suicide morality medical technology material success conservation with a master power of the mind personal growth self help and spiritual practice *Dharma Drum* Chan Master Sheng Yen,2006-10-10 Here is an ideal guide to the practice of Chan Buddhism by a great modern teacher Part One presents Master Sheng Yen s lively anecdotal account of the history and main principles of the Chan tradition along with his careful instructions for meditation Part Two consists of 180 of his gemlike aphorisms and sayings that serve as inspirations to spiritual practice The book will appeal to beginners as well as experienced students **Complete Enlightenment** Master Sheng-Yen,1999-01-26 Complete Enlightenment is the first authoritative translation and commentary on The Sutra of Complete Enlightenment a central text that shaped the development of East Asian Buddhism and Ch an Chinese Zen The text is set in the form of a transcription of discussions between the Buddha and the twelve enlightened beings bodhisattvas who question him on all aspects of spiritual practice This new translation preserves all the liveliness and nuance of the text in the original Chinese The sutra s ancient wisdom is brought to life by the commentaries of Master Sheng Yen one of the most revered living Buddhist masters in the Ch an lineage This is truly a manual for the spiritual journey toward complete enlightenment providing the key to the deep poetic and practical meanings of the scripture

Modern World Charles Wei-Fu,Sandra A. Wawrytko,1994-09-29 Within the scope of the English language literature on Buddhism the codes of behavior mandated by Buddhist doctrine represent an infrequently discussed topic The selections here consist of essays on Buddhism by 17 scholars and practitioners who address the ongoing evolution of Buddhist doctrine as reflected in its cultural temporal political and geographical accommodations from the earliest days to the present and into the future Past precedent is used as a means of clarifying the precise role of the precepts in the modern world as Buddhists face the 21st century and continue to encounter diverse cultural contexts Scholars practitioners and students alike will find instructive the theoretical as well as practical issues that are covered including textual criticism hermeneutics cross cultural studies theories of action psychology death and dying feminism business management challenges to the Western scientific paradigm and religion in popular culture Three main questions are explored from diverse perspectives What was and is the significance of the precepts how can they best be applied and creatively adapted to changing social conditions to best fulfill the original intentions of the Buddha and how are we to determine present upayic demands to avoid violating those intentions As many argue in these pages there is much more at stake in the issue of sila vinaya than simple guidelines for an obsolete lifestyle to be discarded at will Rather the case can be made that they represent an intrinsic part of Buddhist cultivation even a sine qua non of successful consummate practice **Philosophy East & West** ,1995 *Uniform Trade*
