Zero Option:

Dreams for a Decade Stephanie L. Freeman, 2023-04-18 During the 1980s millions of ordinary individuals around the world mobilized in support of nuclear disarmament Although U S President Ronald Reagan and Soviet General Secretary Mikhail Gorbachev were not part of these grassroots movements they too wanted to eliminate nuclear weapons Nuclear abolitionism was a diverse and global phenomenon In *Dreams for a Decade* Stephanie L. Freeman draws on newly declassified material from multiple continents to examine nuclear abolitionists influence on the trajectory of the Cold War s last decade Freeman reveals that nuclear abolitionism played a significant yet unappreciated role in ending the Cold War Grassroots and government nuclear abolitionists shifted U S and Soviet nuclear arms control paradigms from arms limitation to arms reduction This paved the way for the reversal of the U S Soviet nuclear arms race which began with the landmark 1987 Intermediate Range Nuclear Forces Treaty European peace activists also influenced Gorbachev s common European home initiative and support for freedom of choice in Europe which prevented the Soviet leader from intervening to stop the 1989 East European revolutions These revolutions ripped the fabric of the Iron Curtain which had divided Europe for more than four decades Despite their inability to eliminate nuclear weapons grassroots and government nuclear abolitionists deserve credit for playing a pivotal role in the Cold War s endgame They also provide a model for enacting dramatic positive change in a peaceful manner

Inside the Cold War From Marx to Reagan Sven F. Kraemer, 2015-09-16 A long time U S policy insider s scholarly and encyclopedic history with unprecedented analysis of the official documents of the Cold War explores its Marxist Leninist totalitarian roots faltering pre Reagan U S strategies of Containment MAD and D tente and the Reagan Revolution This book details Reagan s integrated new strategies in defense arms control diplomacy information and intelligence and support for the faiths and forces of freedom that collapsed the Soviet ideology and empire

Cooperation Among Democracies Thomas Risse, Thomas Risse-Kappen, 1995 In exploring the special nature of alliances among democracies the author argues that the West European and Canadian allies exerted greater influence on American foreign policy during the Cold War than most analysts assume This book s findings evaluate the post Cold War s transatlantic security community and its survival

Resolving Security Dilemmas Brian Frederking, 2018-10-24 This title was first published 2000 The book applies constructivist arguments about culture norms and identity to explain the superpower negotiations that produced the INF Treaty It contributes to the constructivist research program in two ways First it develops a speech act model of social interaction to illustrate constructivist arguments and second it develops a constructivist theory of security dilemmas that suggests practical ways to resolve them The substantive conclusion of the book is that the dominant understanding of the end of the Cold War the buildup argument is not correct as it advocates policies that tend to perpetuate conflicts Instead this book argues that the new thinking explanation is more coherent and suggests improved practical ways to resolve other security dilemmas

Unraveling the Gray Area Problem Luke Griffith, 2023-12-15 In

Unraveling the Gray Area Problem Luke Griffith examines the US role in why the Intermediate Range Nuclear Forces INF Treaty took almost a decade to negotiate and then failed in just thirty years The INF Treaty enhanced Western security by prohibiting US and Russian ground based missiles with maximum ranges of 500 to 5 500 kilometers Significantly it eliminated hundreds of Soviet SS 20 missiles which could annihilate targets throughout Eurasia in minutes Through close scrutiny of US theater nuclear policy from 1977 to 1987 Griffith describes the Carter administration s masterminding of the dual track decision of December 1979 the North Atlantic Treaty Organization NATO initiative that led to the INF Treaty The Reagan administration in turn overcame bureaucratic infighting Soviet intransigence and political obstacles at home and abroad to achieve a satisfactory outcome in the INF negotiations Disagreements between the US and Russia undermined the INF Treaty and led to its dissolution in 2019 Meanwhile the US is developing a new generation of ground based INF type missiles that will have an operational value on the battlefield Griffith urges policymakers to consider the utility of INF type missiles in new arms control negotiations Understanding the scope and consistency of US arms control policy across the Carter and Reagan administrations offers important lessons for policymakers in the twenty first century **Europe** ,1983

Report on Nuclear Weapons in Europe ,1981 Kuhai V. Immigration and Naturalization Service ,1999 **Reagan's Victory** Andrew Busch,2005 Many have pointed to the Iran hostage crisis others to galloping inflation In reality as Andrew Busch makes clear Ronald Reagan s defeat of President Jimmy Carter in 1980 was attributable to more than any one issue no matter how galvanizing It marked the growing ascendancy of conservative attitudes that had been brewing for two decades

and marked the clear end of the era of New Deal liberalism Busch offers the first comprehensive study of this contest going beyond journalistic accounts to show why it remains one of the truly landmark elections of the past century Through a compelling story full of colorful characters unexpected plot twists and dramatic finales he reveals how it both reflected the politics of its time and foreshadowed our nation s political future Beginning with Carter s crisis of confidence speech on July 15 1979 Busch introduces the field of candidates follows their campaigns through the primaries and general election identifies the key turning points and winning strategies and assesses the results including the GOP s first Senate majority in twenty six years He shows how the Democrats were weakened by the demise of the New Deal coalition and a decline in public confidence while Republicans were bolstered by the growth of the conservative movement and by all that had gone wrong during the Carter presidency He also examines the creation of a Sunbelt coalition the growing influence of religious conservatives and the independent candidacy of John Anderson which held Reagan s majority to 51 percent and foreshadowed Ross Perot s 1992 run Reagan s victory marked a major turning point in American presidential history realigned the demographics of party affiliation throughout the nation especially in the nation s Sunbelt and gave conservatives their first real victory in their fight against Big Government Busch s book recaptures the people and events of that historic campaign and greatly enlarges our understanding of American politics from the 1960s to the present
