closer inspection there is a clear rationale for men's seemingly illogical behavior. In this book we are going to explore the underlying factors that drive male behavior. Often these behaviors seem incongruent with reality. They don't seem to match up with what a regular person would do. However, when you dig deep down, you will realize that there is logic to the madness. In this volume we will discuss the following topics: The factors causing men to lash out at others around them; The reasons why men have trouble forming solid relationships; The elements that lead men to act irrationally in the face of difficult situations; The reasons why men have trouble communicating their emotions; The underlying factors that cause men to run away from their feelings; The explanation behind alpha males; The insights that uncover the truth behind insecurity; The elements that cause men to sabotage their success; The causes of anxiety and depression in males; The insights that reveal the inner workings of the male psyche and lots more. Fundamental Differences Cynthia Burack, Jyl J. Josephson, 2004-09-01. *Fundamental Differences* brings together lucid interdisciplinary critiques of social conservative politics and ideas in the areas of welfare, family, and school policy, gender representation, and conservative doctrine. The distinguished group of authors responds directly to New Right political discourse, identifying key ambiguities, ideological convictions, and methodological problems. [Man Has Lost His Damn Mind](#) David K. Sparks, 2005-01-01. Man can't climb out of the box he's in until he realizes he's in it. Man also needs to stop measuring his worth by the work he does because this leaves many of us feeling worthless. Man has to realize that no job is going to satisfy the hunger he's really seeking to quench. That is the hunger to feel the same sense of indispensability to their families that real men feel when they are the breadwinners. Basically, man needs to consider doing what his wife or partner is encouraging him to do, which is to ease up on overinvesting into his job and invest more of himself into the work of homemaking. *Women in Natural Resources*, 1987. **Surviving a Shark Attack (On Land)** Dr. Laura Schlessinger, 2011-01-18.
