Subways Journal:

Subways Journal Lorraine B. Diehl, 2004-09-15 Settle into a seat and go underground with your handy subways journal A nickel won't buy a token anymore but at least you can reminisce of yesteryear in vintage style 160 lined pages 5 x 7 inches elastic closure A Century of Subways Brian J. Cudahy, 2003 Brian Cudahy offers a fascinating tribute to the world the subway created Taking a fresh look at one of the marvels of the 20th century Cudahy creates a vivid sense of this extraordinary achievement how the city was transformed once New Yorkers started riding in a hole in the ground

Transit Journal, 1928 ... **Subways in the City of New York** New York Public Library. Municipal Reference Library, 1927 *The Street Railway Journal*, 1905 The Electrical Journal, 1902 **Cut-and-Cover Metro Structures** Krishan Kaul, 2010-04-13 Because of their complexity and scale metro structures capture all the essential aspects of a cut and cover structure and so are given primary focus in this book The design of a metro construction is outlined coherently and in detail and the reader is shown how to apply this design process equally well to other relatively simple cut and cover structures Geotechnical and structural engineering principles are combined with both design and construction practice to make this book a unique guide for engineers Electric Railway Journal, 1916 **The Journal of Gas Lighting, Water Supply & Sanitary Improvement**, 1901 Report on the Transportation Subway Systems of Boston, New York, Philadelphia, Paris, London Chicago (Ill.). City Council. Committee on Local Transportation, 1909 *International Express* Stéphane Tonnelat, William Kornblum, 2017-04-18 Nicknamed the International Express the New York City Transit Authority 7 subway line runs through a highly diverse series of ethnic and immigrant neighborhoods in Queens People from Andean South America Central America China India Italy Korea Mexico Pakistan Poland Romania and Vietnam as well as residents of a number of gentrifying blue collar and industrial neighborhoods fill the busy streets around the stations The 7 train is a microcosm of a specifically urban New York experience in which individuals from a variety of cultures and social classes are forced to interact and get along with one another For newcomers to the city mastery of life in the subway space is a step toward assimilation into their new home In *International Express* the French ethnographer Stéphane Tonnelat and his collaborator William Kornblum a native New Yorker ride the 7 subway line to better understand the intricacies of this phenomenon They also ask a group of students with immigrant backgrounds to keep diaries of their daily rides on the 7 train What develops over time they find is a set of shared subway competences leading to a practical cosmopolitanism among riders including immigrants and their children that changes their personal values and attitudes toward others in small subtle ways This growing civility helps newcomers feel at home in an alien city and builds what the authors call a situational community in transit Yet riding the subway can be problematic especially for women and teenagers Tonnelat and Kornblum pay particular attention to gender and age relations on the 7 train Their portrait of integrated mass transit including a discussion of the relationship between urban density and diversity is invaluable for social scientists and urban planners eager

to enhance the cooperative experience of city living for immigrants and ease the process of cultural transition Poor's Cumulative Service ,1918 Boston Home Journal ,1898 Journals of the House of Representatives of Massachusetts Massachusetts. Telegraphic Journal and Monthly Illustrated Review of Electrical Science ,1889 **The City Club Bulletin** City Club of Chicago,1924 *The Great Society Subway* Zachary M. Schrag,2014-08 As Metro stretches to Tysons Corner and beyond this paperback edition features a new preface from the author Drivers in the nation s capital face a host of hazards high speed traffic circles presidential motorcades jaywalking tourists and bewildering signs that send unsuspecting motorists from the Lincoln Memorial into suburban Virginia in less than two minutes And parking Don t bet on it unless you re in the fast lane of the Capital Beltway during rush hour Little wonder then that so many residents and visitors rely on the Washington Metro the 106 mile rapid transit system that serves the District of Columbia and its inner suburbs In the first comprehensive history of the Metro Zachary M Schrag tells the story of the Great Society Subway from its earliest rumblings to the present day from Arlington to College Park Eisenhower to Marion Barry Unlike the pre World War II rail systems of New York Chicago and Philadelphia the Metro was built at a time when most American families already owned cars and when most American cities had dedicated themselves to freeways not subways Why did the nation s capital take a different path What were the consequences of that decision Using extensive archival research as well as oral history Schrag argues that the Metro can be understood only in the political context from which it was born the Great Society liberalism of the Kennedy Johnson and Nixon administrations The Metro emerged from a period when Americans believed in public investments suited to the grandeur and dignity of the world s richest nation The Metro was built not merely to move commuters but in the words of Lyndon Johnson to create a place where the city of man serves not only the needs of the body and the demands of commerce but the desire for beauty and the hunger for community Schrag scrutinizes the project from its earliest days including general planning routes station architecture funding decisions land use impacts and the behavior of Metro riders The story of the Great Society Subway sheds light on the development of metropolitan Washington postwar urban policy and the promises and limits of rail transit in American cities **Journal of the Town Planning Institute** Town Planning Institute (London, England),1929 Includes Proceedings of the Institute s meetings
