Success Without Goals

W. Frank McArthur, Jr. PhD

Success Without Goals:

Real Success Without College Bill Martin Vivatson,2010-02 This thesis expressly addresses the plight of young American males ages 15 to 25 The current 2009 crisis is their total lack of education lack of basic skills employability ambition manners and morality This is all enforced by their 20 27% unemployment numbers and the fact that employers would rather hire women than them by a 15% margin It is a hard hitting expose of the death of our nation and those who caused it It begins with a study of man s inherent ignorance and penchant for self destruction It addresses the cause and effect when deeply flawed leaders and politicians chose to enrich themselves by raiding the public treasury But the most damning message of all is the onslaught of wickedness imposed on our nation by the advent of the rebellious Hippie Generations America will never ever recover from this curse But it is a serious and encouraging message to our young men 15 to 25 that even after surviving 12 years of the ravages of Public Education they can change and even prosper without a college education
