Suddenly Twins:

Suddenly Twins! John Peel, 2010-05-11 It all began the day Chrissie Scott looked into the mirror and saw somebody else's reflection. A boy who looked exactly like her. Nothing would ever be the same again. Suddenly Twins. Chrissie thought she had troubles until she fell through the mirror into her double's life. He said his name was Chris and his world was the mirror image of hers. His world was ruled by magic and about to be destroyed by the sorceress Lori Lee. Chris is desperate. He has cast a powerful spell and sees the evil plot. Chrissie is the only one he can trust. Together they must save his world before it's too late. But is Chrissie about to be lost forever in the universe beyond the mirror? **Sudden Unexplained Infant Death**

Marie A. Valdés-Dapena, 1978 **Twins** Katrina Bowman, Louise Ryan, 2014 An updated edition of this user-friendly guide to having and parenting more than one baby/toddler at the same time. Each author of this book had the same thought upon being told she was having twins: once she recovered from the shock, buy a book that explains what to expect in order to get organized and to prepare emotionally and physically for the anticipated upheaval to her life. When they couldn't find such a text, they decided to write it themselves. Based on extensive research as well as their own and other twin parents' experiences of pregnancy, birth, and twin toddlers, Katrina and Louise offer sound, practical advice that is backed up by medical practitioners and health professionals where relevant. Detailed information with user-friendly explanations of medical jargon is peppered with amusing and moving stories of catastrophe, chaos, and coping. There are, at a glance, hints and survival tips at the end of each chapter and easy-reference tables of information throughout. The number of multiple births is rapidly increasing due to IVF and the older age range of new mothers. More people are having twins or multiples than ever before.

This is the book they have to have. Suddenly Twins John Peel, 2001-09-01 Chrissie Scott sees a face that is not quite hers in the mirror and passes into a parallel world where everything is not quite the same and must help Chris, who doesn't have the confidence to do magic well, save his world from powerful sorceress and busi **Sudden Infant Death Syndrome Act Extension, 1978** United States. New Understandings of Twin Relationships Barbara Klein, Stephen A. Hart, Jacqueline M. Martinez, 2020-12-23 *New Understandings of Twin Relationships* takes an experience-based approach to exploring how twin attachment and estrangement are critical to understanding the push and pull of closely entwined personal relationships. Based on the research expertise of each of the authors, all identical twins in their own right and vignettes from twins across the globe, this book describes the inner workings of the twin world, showing how the twin world creates experiences that are often more intense and intricately textured than those in the singleton world. Chapters debunk myths surrounding twinship and analyze the developmental stages of the twin relationship as well as the effect of being a twin on one's mental health from different perspectives. The authors articulate how attachment, separation anxiety, loneliness, estrangement, and the subjective

experience of the twin and non twin other impact behavior thinking and feeling Through its careful study of the many psychological challenges that twins face throughout their lifetime this text will help psychologists scholars clinicians and twins themselves attain a deeper understanding of all interpersonal relationships
