## **Suetonius Tiberius:**

**Tiberius** Suetonius, 2015-08-28 Gaius Suetonius Tranquillus commonly known as Suetonius c 69 after 122 AD was a Roman historian belonging to the equestrian order who wrote during the early Imperial era of the Roman Empire His most important surviving work is a set of biographies of twelve successive Roman rulers from Julius Caesar to Domitian entitled *De Vita Caesarum* He recorded the earliest accounts of Julius Caesar's epileptic seizures Other works by Suetonius concern the daily life of Rome politics oratory and the lives of famous writers including poets historians and grammarians A few of these books have partially survived but many have been lost Suetonius describes the early career of Tiberius which included his command of several Roman armies in Germany It was his leadership in these German campaigns that convinced Augustus to adopt Tiberius and to make him his heir According to Suetonius Tiberius retired at a young age to Rhodes before returning to Rome some time before the death of Augustus The ascendance of Tiberius to the throne was possible because the two grandsons that Augustus had died before Augustus and the last grandson Postumus Agrippa although originally designated co rule with Tiberius was later deemed morally unsound by Augustus Augustus began a long and at times successful tradition of adopting an heir rather than allowing a son to succeed an emperor Suetonius quotes from the will Augustus left Suetonius suggests that not only was Tiberius not thought of highly by Augustus but Augustus expected Tiberius to fail After briefly mentioning military and administrative successes Suetonius tells of perversion brutality and vice and goes into depth to describe depravities he attributes to Tiberius Despite the lurid tales modern history looks upon Tiberius as a successful and competent Emperor citation needed who at his death left the state treasury much richer than when his reign began Thus Suetonius treatment of the character of Tiberius like Claudius must be taken with a pinch of salt Tiberius died of natural causes Suetonius describes widespread joy in Rome upon his death There was a desire to have his body thrown down the Gemonian stairs and into the Tiber River as this he had done many times previously to others Tiberius had no living children when he died although his probable natural grandson Tiberius Julius Caesar Nero Gemellus and his adopted grandson Gaius Caesar Caligula both survived him Tiberius designated both as his joint heirs but seems to have favored Caligula over Gemellus due to Gemellus youth

**The Lives of the Twelve Caesars** C. Suetonius Tranquillus, 2007-12 Gaius Suetonius Tranquillus c70 c140 also known as Suetonius was a prominent Roman historian and biographer He is mainly remembered as the author of *De Vita Caesarum* Lives of the Caesars best known in English as *The Twelve Caesars* his only extant work The Twelve Caesars probably written in Hadrian's time is a collective biography of the Roman Empire's first leaders who were Julius Caesar Augustus Tiberius Caligula Claudius Nero Galba Otho Vitellius Vespasian Titus and Domitian The work tells the tale of each Caesar's life according to a set formula the descriptions of appearance omens family history quotes and then a history are given in a consistent order for each Caesar Suetonius regarded emperors who amassed wealth for the public

purse to be greedy perhaps a reflection of the average Roman middle class attitudes *An Epigraphic Commentary on Suetonius's Life of Tiberius* Clara A. Waltz, The Bible in History A study of the history folklore and occasionally even the mathematics underlying the Bible A sort of dictionary of scholarly material you likely won't find elsewhere Dedicated to Elizabeth Rosenberg Patricia Rosenberg and Catie Jo Pidel Please understand that this is not a Biblical commentary Also while I try very hard to avoid actual theological discussions the work is very much based on external evidence the manuscripts of the Bible the evidence of other historical records the findings of science the folklore about the Bible Some of this can be offensive to some particularly those who try to find exact literal truth in the Bible I hope you will accept it or else not read it in that light If you are still interested there is a lot of historical background about the Bible here not always direct links to the Bible but the context of the nations among whom the Israelites lived There is no Biblical mention of say Nabopolassar of Babylon but his actions would deeply influence Judean history Knowing even a little of that history can help understand the Bible Also where there are variant readings in the manuscripts of the Hebrew Bible or the New Testament I note it This may mean that we are uncertain what the Bible says and hence what it means I try either to recover the original meaning or in some cases to assess the meanings of both readings And then there are the tidbits of science and folklore and anything else I can think of The result is a grab bag Some parts may be useful some may not The idea is to browse and see what strikes your fancy With luck you'll understand more about the Bible after doing so
