**Behold Now Behemoth: Dinosaurs All over the Bible!** Glenn L. Wilson,2011-10-10 Have dinosaurs always lived with man The Bible clearly shows the answer is yes God created these great creatures and gave man dominion over them Esau domesticated them Nehemiah rode them Ancient armies appear to have fought from them or along side them People used them for labor and even ate them Behemoth Tanniyn Yownah Chamowrthe pages of the Bible in its original languages finally reveals the truth about dinosaurs and man in some incredibly wonderful ways The lying doctrines of evolution claiming billions of years and man never saw a dinosaur are shown to be what they arelies designed to deceive men into believing the Bible is not true Men today see the bones of these creatures in museums and wonder If the Bible is true why are there no dinosaurs found in its pages After many centuries of the Bible existing in English God gets the glory for His second most magnificent creation next to man the great dinosaurs
