State Of Health Atlas:

The State of Health Atlas Diarmuid O'Donovan, 2008 This major profile of global health maps the prevalence and causes of disease as well as the economic social and environmental factors that influence well being **Texas Health Atlas** Lawrence E. Estaville, Kristine Egan, Abel Galaviz, 2012-03-19 With almost two hundred pages of original demographic and health related maps that display county by county and regional information covering everything from the distribution of pharmacies trauma centers and emergency rooms to the number of lung colon and breast cancer patients in major metropolitan areas by ZIP code the Texas Health Atlas provides an indispensable tool for healthcare providers and planners risk managers public officials and policymakers public health workers and university researchers and students The authors have mined an immense array of previously scattered information and created a singular resource that provides a geographical perspective on the state s health care system medical services insidious diseases harmful behaviors and health disparities among various segments of its population At a time when nearly a quarter of the 25 million people who live in Texas do not have health insurance giving Texas the highest uninsured rate of any state and as policymakers and legislators struggle with rising costs an aging citizenry and the prospect of more uncertainties for the healthcare system in the years ahead the need for quick access to accurate information is greater than ever Texas Health Atlas provides valuable insights that can guide the decisions needed for the state s economic wellbeing and the improved health of its citizens The State of Health Atlas Judith Mackay, 1993-01-01 **Access to Mental Health Care in South Asia** S. M. Yasir Arafat, Sujita Kumar Kar, 2024-04-06 This book is about access to mental health care in South Asia South Asia consists of eight countries with low and middle income backgrounds The region contains a combined population of about 2 billion making up about a quarter of the global population The people of this region share common cultures beliefs and behavioral patterns regarding physical and mental health Among them about 15% about 300 million have been suffering from common mental disorders However there is a persisting high treatment gap for mental illness in the region Hence despite having a mental illness only a small percentage of the population is able to have access to essential mental healthcare Though governments are trying to bridge the gap by improving mental health policies and programs it is still a major challenge delivering mental healthcare to all people in need Due to the income category and dual disease burden of the countries there are some additional enduring challenges like poor funding and research inadequate and inequitable manpower huge out of pocket expenses poor mental health literacy income disparity and high stigma This book aims to highlight the issues related to accessing mental health services in a densely populated low and middle income setting This book is the first of its kind in comparing and contrasting the delivery status of mental health services in South Asian countries **R.
