## Statements 2 New Fiction:

**Fiction's Present** R. M. Berry, Jeffrey R. Di Leo, 2015-05-11 Combining creative and critical responses from some of today's most progressive and innovative novelists, critics, and theorists, *Fiction's Present* adventurously engages the aesthetic, political, philosophical, and cultural dimensions of contemporary fiction. By juxtaposing scholarly articles with essays by practicing novelists, the book takes up not only the current state of literature and its criticism but also connections between contemporary philosophy and contemporary fiction. In doing so, the contributors aim to provoke further discussion of the present inflection of fiction—a present that can be seen as Janus-faced, looking both forward to the novel's radically changed political, economic, and technological circumstances and back to its history of achievements and problems. Editors R. M. Berry and Jeffrey R. Di Leo contend that examinations of fiction's present are most informative not when they defend philosophical distinctions or develop literary classifications but when they grapple with elusive topics such as the meaning of a narrative present or the relation of fiction's medium to its representations of context. As the essays reveal, this process, when pursued diligently, breaks down traditional divisions of academic and intellectual labor, compelling the fiction writer to become more philosophical and the theorist to become more imaginative. The value of this book is not in the exhaustiveness of its treatment but rather in the seriousness of the criticism it incites. The present materializes in quarrel, and it is toward such a beginning that the writings in *Fiction's Present* work.

**Contemporary Jewish-American Novelists** Joel Shatzky, Michael Taub, 1997-07-16 Since World War II, Jewish American novelists have significantly contributed to the world of literature. This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II. Included are entries for both well-known and relatively obscure novelists, many of whom are just becoming established as significant literary figures. While the volume profiles major canonical figures such as Saul Bellow, Norman Mailer, and Bernard Malamud, it also aims to be more inclusive than other works on contemporary Jewish American writers. Thus, there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz, whose works challenge the more orthodox definition of Jewish religious and cultural traditions; Art Spiegelman, whose controversial *Maus* established a new genre by combining elements of the comic book and the conventional novel; and newcomers such as Steve Stern and Max Apple, who have become more prominent within the last decade. Each entry includes a brief biography, a discussion of major works and themes, an overview of the novelist's critical reception, and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II, and a selected general bibliography lists additional sources of information. Since World War II, Jewish American novelists have made numerous significant contributions to contemporary literature. Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America, and their works would reflect the world of European Jewish culture. But like other immigrant groups, Jewish Americans have become increasingly assimilated into mainstream American culture. Many

feel the loss of their heritage and long for something to replace the lost values of the old world This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definitions of Jewish religious and cultural traditions Art Speigelman whose controversial *I Maus R* established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist s critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources for information
