The Eternal Return Greg Fraser,2009 **The Myth of the Eternal Return** Mircea Eliade,2026-03-10 A landmark work in the history of religions from a pioneer in the field First published in English in 1954 this founding work in the historical study of religions secured the North American reputation of the Romanian migr scholar Mircea Eliade Referring to an astonishing number of cultures and drawing on scholarship in no fewer than half a dozen European languages The Myth of the Eternal Return illuminates the religious beliefs and rituals of a wide variety of ancient cultures and argues that understanding them still has the power to enrich our conception of what it means to be human *The Myth of the Eternal Return* Mircea Eliade,1955 *Nietzsche and Philosophy* Gilles Deleuze,2006-05-10 Presents important accounts of Nietzsche s philosophy The author shows how Nietzsche began a new way of thinking which breaks with the dialectic as a method and escapes the confines of philosophy itself *The Myth of the Eternal Return, Or Cosmos and History* Mircea Eliade,1965 **Difference and Repetition** Gilles Deleuze,2004-01-01 Since its publication in 1968 Difference and Repetition an exposition of the critique of identity has come to be considered a contemporary classic in philosophy and one of Deleuze s most important works The text follows the development of two central concepts those of pure difference and complex repetition It shows how the two concepts are related difference implying divergence and decentring repetition being associated with displacement and disguising The work moves deftly between Hegel Kierkegaard Freud Althusser and Nietzsche to establish a fundamental critique of Western metaphysics and has been a central text in initiating the shift in French thought away from Hegel and Marx towards Nietzsche and Freud **The Nick of Time** Elizabeth Grosz,2004-12-06 Prominent feminist theorist rethinks the relationship between evolution and the biological body through the study of three key figures Darwin Nietzsche and Bergson **The New Nietzsche** David B. Allison,1985 The fifteen essays written by such eminent scholars as Derrida Heidegger Deleuze Klossowski and Blanchot focus on the Nietzschean concepts of the Will to Power the Overman and the Eternal Return discuss Nietzsche s style and deal with the religious implications of his ideas Taken together they provide an indispensable foil to the interpretations available in most current American writing

Three Readings of the Eternal Return Michael James MacLaggan,2014 **The Work of Forgetting** Stephane Symons,2018-12-14 For over fifty years the concept of memory has played a crucial role in a large number of academic and societal debates The Work of Forgetting Or How Can We Make the Future Possible draws attention to the limits of the academic field of memory studies It argues that the faculty of memory offers an inadequate response to the challenges of the present The book sets up a dialogue between the philosophies of forgetting that underlie the writings of Friedrich Nietzsche Walter Benjamin and Gilles Deleuze and the philosophies of memory that inform the work of Sigmund Freud Martin Heidegger and Hannah Arendt It builds on the idea that history is inseparable from a type of transience that cannot be counter acted by the preserving work of memory and develops a new understanding of the phenomenon of forgetting in
