EVOLUTION OF AWARENESS. KIA. MARLENE, 2022 *The Evolution of Awareness* Suzanne Daniele-George, Ph.d., Rev Suzanne Daniele-George Ph D, Elizabeth Isabeau Boody, 2015-03-06 The purpose of this journal is to offer opportunities to provoke thought encourage internal examination and discovery as well as inspire creative ideas and evoke a demonstration of compassion respect and love for all of the creation For many years now I have dedicated my life to the exploration and study of spirituality and theology Although they travel very separate roads I have come to the understanding that theology is simply the history of our desire as mankind to explore our relationship with the God of our understanding while spirituality tends toward the exploratory journey both externally and internally The sermons contained in this journal span subject matter in every experience Pagan Fundamental New Thought Modern Christian and Buddhist It is my sincerest hope that the lessons are helpful to those who have taken on the mantle to teach and inspire others in the ministry and serve as food for their own sermons and lessons For the reader who is simply looking for an inspired good read I pray they find new tools ideas and are opened to new considerations of their personal nature and the nature of God through exploration Too often we as a race the human race find reasons to separate our ideas and standards of personally conceived behavior from one another s best interests It would be wonderful and more fitting for the human race to consider the needs desires and circumstances of all of its members in unity and compassion In my personal experience I have found that the better we know someone and the more time we invest in understanding them the more we grow to hold them in our affection I have heard it said over and over again that the friend that at first we did not warm to immediately has become our closest and most cherished companion Or that this best friend of mine drives me crazy they are a huge pain in the ass and But I love them more than I love myself The struggle to understand each other bonds us like no other struggle The greatest hope I have for all of us is a running theme in this manuscript and that is Learn to Love The time for tolerance is past the world WILL change and so must we From a spiritual perspective we cannot possibly evolve unless we love God is Love and so we having the Spirit of God within also are love To deny that divine nature is to give in to our baser self and not embrace our full potential as beings human beings belonging to one race and one people Rev Suzanne Daniele George *From Stardust to Consciousness* Jethro Orion, 2025-06-28 How matter becomes conscious of itself is the most personal question in the world and it is thoughtfully explored in *From Stardust to Consciousness* From the initial energy fluctuations to the intricacy of human reflection this book provides a scientifically grounded narrative that explores the origins of consciousness via the lenses of cosmology quantum theory evolutionary biology and philosophy of mind It doesn t draw any conclusions It calls for a more profound focus that respects the subtle wonder of perception as well as the beauty of physical rule This work offers spirituality and science as two methods of listening rather than as distinct disciplines Each chapter develops the notion that consciousness

could not be a result of development but rather a participant in it with warmth and clarity Jargon free discussions of subjects like the observer effect fine tuning symbolic cognition and nonlinear time foster both intellectual interest and interior resonance Readers are encouraged to see themselves as manifestations of the universe s developing intelligence rather than as observers of it This book was written by Jethro Orion after years of study solitude and unlearning what cannot be held It makes no effort to define what truth is It provides a mirror This serves as a reminder to thinkers seekers and people who believe that life demands more than just survival that awareness is not the end of a journey It is the start of involvement
