Using The Strengths Perspective In Social Work Practice:

Using the Strengths Perspective in Social Work Practice Morley D. Glicken, 2004 Using the Strengths Perspective in Social Work Practice explains the major ideas behind the strengths perspective and then demonstrates through case studies and discussion how helping professionals can apply the strengths perspective in practice. The book is very research oriented and includes a great deal of new research on topics such as natural healing in addicted clients, self management of mental illness, a positive view of change in clients diagnosed with mental illness, the effectiveness of self help groups, research on resilience in children and adults who have experienced life traumas, research on the importance of spirituality and religious involvement, and new research data on the helping process. Most of the research used in this book has been published since 2000. The book has a unique feature: a critical response section at the end of every chapter in which clinicians and researchers have an opportunity to critically respond to ideas presented. This in effect provides an evidence based approach to the material in the book. Because the book shows the application of the strengths perspective in practice, Dr Glicken includes examples showing how to apply the approach with complex client problems including abuse, domestic violence, mental illness, addictions, and other complex problems often dealt with by clinicians in the helping professions. The book is written for the helping professions and includes the work of Martin Seligman in Psychology on learned optimism, Robert Putnam on community life in America, and Dennis Saleebey, one of the original writers on the strengths perspective in social work. *The Strengths Perspective in Social Work Practice* Dennis Saleebey, 2006. The Strengths Perspective in Social Work Practice presents an unrivaled collection of essays that explain the strengths based philosophy, demonstrate how it works, and provide clear and practical tools for its application. It presents a balanced approach to social work practice in contrast to a problems based approach that takes into account the strengths and assets of clients and their environments. Highlights of the Fourth Edition: Six New Chapters: Shifting our Habits of Mind: Learning to Practice from a Strengths Perspective. Chapter 2 examines how social work practice was historically a more problem focused profession and how the current shift towards strengths plays an important part in our work. Solving Problems from a Strengths Perspective explores with relevant examples how a practitioner can take a perspective on problems that leads to strengths based and solution focused practices. Strengths Based Case Management: Enhancing Work with Persons with Substance Abuse Problems. Chapter 8 explores the further extensions of and developments in this important and ground breaking work: The Resilience of Families. Chapter 11 examines those factors that promote family resilience and how they can be applied in practice. Consciousness and Commitment: Slave Narratives in Today's Movement to End Poverty. Chapter 12 applies the lessons of the resistance movements of slaves in order to develop effective and strengths based strategies for ending poverty. Honoring Philosophical Traditions: The Strengths Model and the Social Environment. Chapter 14 presents the strongest and clearest relationship between environmental resources and individual strengths in practicing from the strengths perspective. Extensive revisions of existing chapters make

this a fresh more up to date book that retains the passion and sensibilities of the previous editions but with innovative examples and revised more current bibliographies Don't Miss This Exciting Value Added Option Social Work Skills Demonstrated Beginning Direct Practice CD ROM with Student Manual Second Edition Linda K Cummins Barry University Judith A Sevel Illinois State University Laura Pedrick University of Wisconsin Milwaukee A practical guide to development of crucial social work skills including basic counseling and interviewing techniques in a CD ROM format with companion student manual that allows students to work at their own pace Social Work Skills Demonstrated Beginning Direct Practice CD ROM with Student Manual is available at a discount when packaged with this text 0 205 47316 4 Strengths Perspective in Social Work Practice, the Plus Mysearchlab with Etext -- Access Card Package Dennis Saleebey, 2012-08-12

Social Work Practice With Individuals, Families, and Groups Shelagh Jane Larkin,Jaylene Krieg Schaefer,2025-01-06 Social Work Practice with Individuals Families and Groups An Integrated Approach serves as a foundational text that supports students through effective practice with multiple levels of client systems from the

classroom to the profession Authors Shelagh Jane Larkin and Jaylene Krieg Schaefer have integrated the practicum experience throughout the core chapters emphasizing its role as the first area of social work practice Developed with both BSW and foundational MSW programs in mind this text offers an accessible exploration of social work practice with individuals families and groups through diverse case studies and practical examples aligned with the 2022 EPAS core competencies

Social Work Perspectives On Human Behaviour Parrish, Margarete,2014-08-01 This book explains the wide basis of perspectives on which we build an understanding of people s behaviours and why we respond in the way we do

Human Behavior Theory and Social Work Practice Roberta R. Greene,2011-12-31 Human Behavior Theory and Social Work Practice remains a foundation work for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory ecological perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession s knowledge base as well as its approach to practice Greene provides perspective on how individuals and social systems interact This book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

Diversity Perspectives for Social Work Practice Robin Wiggins Carter,2003 This book examines the prevailing theoretical frameworks for viewing diversity in social work practice and helps students develop competencies for work with and on behalf of diverse populations The theoretical frameworks presented in the text cover three major dimensions of the diversity theme in social work practice ethnocultural diversity oppression and social justice and vulnerable at risk populations While other texts tend to explore these dimensions through a single theoretical framework Anderson provides an overview of these separate approaches Chapters are organized so that instructors can teach and students can learn these frameworks comparatively and critically Each chapter follows a similar

outline which includes 1 a summary of the major contributors to the framework presentation of the core concepts 2 five to ten principles for practice in application of the framework 3 an example of its application to a particular practice situation 4 assessment of its strengths and limitations 5 annotated sources for further study and 6 discussion questions to promote critical thinking about the framework

Using Evidence in Social Work Practice Harold E. Briggs, Harold Eugene Briggs, Tina L. Rzepnicki, 2004 This comprehensive text is designed to provoke discussion Part I raises questions about the ethics the nature of evidence and the role of theory in evidence based practice Chapters in the second part serve as models for developing practice aimed at addressing particular problems and client populations Part III raises practical issues in implementation Critical thinking is stressed throughout the collection

The Encyclopedia of Social Work Terry Mizrahi, Larry Davis, National Association of Social Workers, 2008-04-24 A new completely updated revised and expanded 20th edition of this essential work coming February 2008 Order now and take advantage of our special prepublication price Oxford University Press and The National Association of Social Workers are proud to announce that a new completely updated revised and expanded 20th edition of this essential work will publish in February 2008 The 400 articles this 4 volume set cover all aspects of social work from practice and interventions social environments social conditions and challenges to social policy and history This new edition of the Encyclopedia includes coverage of areas that have come to the fore since the 1995 publication of the 19th edition including demographic changes from immigration technology the implications of managed care faith based assistance evidence based practice gerontology and trauma and disaster Each thoughtful article is written and signed by a top academic or social work practitioner and includes a bibliography for further reading For even further ease of use all volumes are fully cross referenced and includes a complete Index This convenient and authoritative core reference work is an essential tool for fact finding studying for licensing exams supplementing course work initiating literature searches and supporting practice decisions The Encyclopedia presents an in depth look at the ever changing field of social work The foundation of any social work collection the Encyclopedia will be a treasured addition to the library of practitioner scholar and student alike
