

One hundred years after
the Battle of Milk River
both sides agreed
to restage it.

No one was supposed
to get hurt.

The cavalry was supposed
to shoot blanks.

The Indians weren't supposed
to fight back.

A Growing Nation Robert A. Miles,2013-08-08 This book that has been 22 years in the making is the first printing of the R A Miles Collection of the Southwest History from 1831 to 1889 It s in chronological order by events and dates and is a true and revealing account of the American history of the Southwest It is an impartial sometimes disconcerting portrayal of the expanding United States westward History is not always pleasant but that is how it transpired sometimes in those years and this book recounts both favorable and adverse events that need to be told This country was expanding It was growing there were many heroes many battles and many tragedies in the expansion of this country It was like a glass of water sitting in the frigid cold It froze and began to expand the expansion could not be stopped soon the glass burst The final results were predictable and inevitable The expansion couldn t go east because of an ocean it could only go west to the other ocean and that it did This collection is about the events that transpired during the mid to late 1800 s as a direct result of that westward growth I have traveled these mountains for 7 of the 22 years in researching this book from El Paso Texas through Silver City Lordsburg Las Cruces and Stein New Mexico and into Apache Pass in Arizona I ve explored Carlisle Canyon and drank the water at Goat Camp spring in Goat journeyed through Camp Canyon Hells Canyon Steeple Rock Canyon Red Rock Crookson Peak and more I have followed the trails of the old Butterfield Stage Line and found an old stage way station I have found and taken pictures of over 150 old gold and silver mines and listed their histories and listened to stories from an old miner as old as I am What is most important is I enjoyed every minute of it Robert A Miles [New York Magazine](#)
