Watauga Drawdown:

Watauga Drawdown Don Johnson, 1990-01-01 In these poems Don Johnson creates a history of the Watauga Valley from the mythical settlement by the descendants of Duke Allen through the many floods that inundated the valley down through the decades and justified the building of the Watauga Dam following World War II The central event in the collection is the drawdown of Watauga Lake which occurred in 1983 and allowed the former residents of the village of Butler Tennessee to return to their homeplace after it had been under water for over thirty years Thus Watauga Drawdown becomes a study of the attempts by the many characters which define this book to recover or create their respective pasts *Tennessee River and Reservoir Systems Operation and Planning Review*, 1990

Appalachia Inside Out: Conflict and change Robert J. Higgs, Ambrose N. Manning, Jim Wayne Miller, 1995 These two volumes constitute the most comprehensive anthology of writings on Appalachia ever assembled Representing the work of approximately two hundred authors fiction writers poets scholars in disciplines such as history literary criticism and sociology Appalachia Inside Out reveals the fascinating diversity of the region and lays to rest many of the reductive stereotypes long associated with it Intended as a sequel to the widely respected collection *Voices of the Hills* published twenty years ago these volumes reflect the recent proliferation of imaginative and critical writing about Appalachia a proliferation that suggests nothing less than a renaissance of collective self assessment The selections are organized around a variety of themes including War and Revolution Feuds and Violence Nature and Progress Dialect and Language Exile Return and Sense of Place and Majority and Minority and reveal both the radical changes the region has undergone as well as the persistence of certain defining features The title Appalachia Inside Out refers in part to the fact that Appalachia has never existed in timeless isolation from the rest of country and the world rather it has both absorbed outside influences and exerted influence of its own The title also indicates the editors effort to look not only at the visible Appalachia but at the forces that underlie its history and culture What emerges in these pages is an Appalachia both familiar and strange a mirror of lived life on the one hand and on the other a haunted realm of unimaginable loss and bewitching possibility *Technical Report*, 1940 Tennessee Valley Authority Susan Kladiva, 1999-11 Addresses how the Tennessee Valley Authority TVA manages and operates its multipurpose tributary projects consisting of dams and lakes on the tributaries of the Tennessee River for various purposes such as flood control navigation hydroelectric power production and recreation Provides information and analyses on the purposes served by these projects operational changes made to these projects in 1990 actions taken by TVA since 1990 to address requests for changes in project operations and TVA s plans for any future changes in project operations Provides a recommendation to the Chairman of TVA s Board of Directors Tables and photos Proceedings of the ... Writing Appalachia Katherine Ledford, Theresa Lloyd, Rebecca Stephens, 2020-03-17 Despite the stereotypes and

misconceptions surrounding Appalachia the region has nurtured and inspired some of the nation's finest writers Featuring dozens of authors born into or adopted by the region over the past two centuries Writing Appalachia showcases for the first time the nuances and contradictions that place Appalachia at the heart of American history This comprehensive anthology covers an exceedingly diverse range of subjects genres and time periods beginning with early Native American oral traditions and concluding with twenty first century writers such as Wendell Berry bell hooks Silas House Barbara Kingsolver and Frank X Walker Slave narratives local color writing folklore work songs modernist prose each piece explores unique Appalachian struggles questions and values The collection also celebrates the significant contributions of women people of color and members of the LGBTQ community to the region's history and culture Alongside Southern and Central Appalachian voices the anthology features northern authors and selections that reflect the urban characteristics of the region As one text gives way to the next a more complete picture of Appalachia emerges a landscape of contrasting visions and possibilities

Tennessee Valley Authority United States. General Accounting Office,1999 **Six Poets from the Mountain South** John Lang,2010-04-20 In the most extensive work to date on major poets from the mountain South John Lang takes as his point of departure an oft quoted remark by Jim Wayne Miller Appalachian literature is and has always been as decidedly worldly secular and profane in its outlook as the region's traditional religion appears to be spiritual and otherworldly Although this statement may be accurate for Miller's own poetry and fiction Lang maintains that it does not do justice to the pervasive religious and spiritual concerns of many of the mountain South's finest writers including the five other leading poets whose work he analyzes along with Miller's Fred Chappell Robert Morgan Jeff Daniel Marion Kathryn Stripling Byer and Charles Wright Lang demonstrates all write poetry that explores sometimes with widely varying results what they see as the undeniable presence of the divine within the temporal world Like Blake and Emerson before them these poets find the supernatural within nature rather than beyond it They all exhibit a love of place in their poems a strong sense of connection to nature and the land especially the mountains Yet while their affirmation of the world before them suggests a resistance to the otherworldliness that Miller points to their poetry is nonetheless permeated with spiritual questing Dante strongly influences both Chappell and Wright though the latter eventually resigns himself to being simply a God fearing agnostic whereas Chappell follows Dante in celebrating the love that moves the sun and other stars Byer probably the least orthodox of these poets chooses to lay up treasures on earth rejecting the transcendent in favor of a Native American spirituality of immanence while Morgan and Marion find in nature what Marion calls a vocabulary of wonders akin to Emerson's conviction that nature is the language of the spiritual Employing close readings of the poets work and relating it to British and American Romanticism as well as contemporary eco theology and eco criticism Lang's book is the most ambitious and searching foray yet into the worlds of these renowned post World War II Appalachian poets *Newsletter* ,1978 **Newsletter** Tennessee Archaeological Society,1981 *North American Journal of Fisheries Management* ,1995 The Migrant ,1984

Southern Appalachian Poetry Marita Garin, 2008-06-17 The poems in this anthology hold true to mountain cultures strong story telling tradition relating both the toil and the serenity of life lived on hill farms in coal mining camps and in small rural towns Windsor Review ,2007 Graven Images ,1996 *Appalachian Journal* ,1987 **Poets & Writers** ,1990
