

## What Makes Me 'Me'?

Read the poem below and add lots of lovely illustrations to match its theme.  
Think about what makes you, you.

What makes me special?

What makes me 'me'?

The clothes I wear

Or the friends I see?

The toys that I buy,

The games that I choose?

The friends that I have,

The words that I use?

The films that I watch,

Or my favourite singer?

The food that I have

For my birthday dinner?

The way that I write,

How fast I can run,

The things I have seen

And the things I have done?

Whether a boy or a girl,

I am me!

And there's no other person

That I'd rather be!

## What Makes Me Me:

The Meme Machine Susan J. Blackmore, 2000-03-16 Humans are extraordinary creatures with the unique ability among animals to imitate and so copy from one another ideas habits skills behaviours inventions songs and stories These are all memes a term first coined by Richard Dawkins in 1976 in his book *The Selfish Gene* Memes like genes are replicators and this enthralling book is an investigation of whether this link between genes and memes can lead to important discoveries about the nature of the inner self Confronting the deepest questions about our inner selves with all our emotions memories beliefs and decisions Susan Blackmore makes a compelling case for the theory that the inner self is merely an illusion created by the memes for the sake of replication

**Living on a Meme** Richard Telofski, 2012 *Living on a Meme* How Anti Corporate Activists Bend the Truth and You to Get What They Want is about the NGOs and activist groups that engage corporations adversarially and how they use meme to further their anti corporate agendas What's meme Say the word as meeeeeem The dictionary says that a meme is an idea that spreads from one person to another And thanks to today's Internet memes get started spread and believed in a flash whether they are true or not making them formidable tools for groups that damage company reputations Here in his fifth book author Richard Telofski takes an in depth look at anti corporate NGOs and activist groups that use memes cleverly to compete with the image of the companies they target These groups unabashedly use unchallenged memes to bribe people to their side of their anti corporate argument Bribe Yes By leveraging a meme these groups bribe people with something a way to feel better about themselves often with scant or no support of the meme Through their meme mangling adversarial NGOs and activists can impose undeserved damage on corporate reputations costing market share revenue and jobs maybe one of them yours These organizations are truly competitors not only to the individual corporations that they target but also to the economic system in general *Living on a Meme* is compiled from a selection of articles published on Richard's Web site Telofski.com between August 1 2009 through August 3 2010 But many of these writings are more essay than article Within the essays in this book you'll find insights theories as well as specific facts and analysis on how certain NGOs and activist groups operate online and offline to sap companies of their vital reputation By reading this book you'll discover how these irregular competitors make use of existing cultural memes true or not and how they contribute to those memes strengthening them and contributing to the degradation of a company's image Don't worry This book isn't just a repackaging of blog postings You're going to get more than that At the end of each chapter you will find bonus Take Aways Those Take Aways are critical analyses of the essays in the chapter pointing out for you how what was just discussed relates to an NGO's or activist's reliance of living on a meme or their hope that YOU are living on THEIR meme for them You'll also find in this book 23 exclusive essays that appear only in this book So start your journey now into the understanding of how anti corporate NGOs and activists bend the truth and the beliefs of people to get what they want
