What Powerful Women Know:

The Strong Women's Guide to Total Health Miriam Nelson, Jennifer Ackerman, 2010-04-13 This practical and interactive guide shows women how to optimize their potential for health and well being through in depth information self assessment quizzes and checklists to determine individual risk factors for common ailments and more serious diseases Dr Miriam Nelson shares the preventative measures that can be taken now to avoid such health problems down the road From sexual and reproductive health to beauty heart health emotional well being bone and muscle health and weight control The Strong Women s Guide to Total Health offers a complete picture of the broad spectrum of issues that impact overall health It is essential reading for women of all ages [The Strong Women's Journal](#) Miriam E. Nelson, 2003-12-01 A year long journal designed to help women reach their individual fitness goals helps readers track their goals progress daily eating and exercise patterns and thoughts and feelings along the way with a step by step plan to shape up dietary tips aerobic and strength training exercises inspirational quotes charts and more Original **Do You Really Want to Know Why I Am Not at Home?** Aaron Cox, Gregory Wright, 2011-08-12 This book was written from the REAL perspective of everyday men and women that struggle with finding peace in their home No clinical sounding or Doctoral thesis was necessary to discuss what real people like you and I need to know Stop paying the bills for drama to live in your home A PLEA FOR CHANGE is here Long time friends and Co Authors Gregory Wright and Aaron Cox look at the real issues that divide men and women in todays relationships They feel society has conditioned us how to think act and look They also believe mass media ploys are becoming more main stream than family values The hearts of men and women in this society have been suppressed by emotional thinking They ask the question Is society REALLY interested in your well being and quality of life Is it true to say our emotions drive our wants but needs are attached to the heart Our chapters will also identify how our wants have taken priority and our needs have been put off until another day that will come too late if at all Please dont be offended or take anything personally we had to keep it REAL Along with some laughs this book guarantees to put you back on track for whats REALLY important and living the American dream and not the American theme Do you REALLY want to know why I am not at home exposes key issues to why we REALLY dont want to be home *Discover Your True Strength* Lindsay Roberts, 2024-05-07 Life has a way of weakening us but we can exchange life s strength stealers for strength builders by discovering how strong women in Christ think and act listen and speak respond and thrive as they fulfill their God given purposes **No Good Deed Goes Unpunished** Eli Maxwell, 2022-11-03 This journal is a few hundred pages of unpopular opinion I wrote this ball of rage between 2014 2016 and I planned to give to my gender studies professor after I took her class When I left her class I noticed that there s a lot of misleading information about people that disagree with feminists and feminism and this book will help demystify some of those notions I may have written this book for her but I believe it can help others as well The 1st group of people that this book will help are people that don t like feminists and feminism you ll agree

with almost everything I have to say trust me you re not alone This book is full of red pills you re going to love it The 2nd group of people are people that are on the fence about feminists Yeah feminists may have told you the dictionary definition of feminism and you might have heard some things about the feminist movement but you re still not quite sure what to make of them I think you will gain the most from what I went through I will show you the tactics some feminists use to get what they want These are all things you should know before you engage with any feminist The 3rd group of people are the people that don t understand why so many people have such hard opinions on feminism and feminists Hopefully this book will help you understand were the first group of people are coming from I use jokes satire and personal experiences to bring levity to this hot topic issue I don t want to tell you what to think I want to show you what I went through so you can make up your own mind and even if you disagree with me I hope you enjoy the ride Now onto the 4th group these are the feminists that are vexed and can t figure out why so many people dislike feminism and why feminists can t crack 18 percent of the population I think you will benefit the most from what I have to say I m not going to berate you or attack you I m just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that I really want you to understand where I m coming from and maybe we can build a bridge from there Now on to the big mama of them all the 5th group if you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist Put this book down you are going to have a bad time I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion Hell you might even do something crazy like set this book on fire and I don t want to see my book set a blaze So save your money save your time and continue to smash the patriarchy But to the other 4 out of 5 of you crack open a beer or pour a glass of wine and enjoy my descent into madness
