Winning With Kids:

Winning with Kids Tessa Albert Warschaw,1990 Warschaw and Secunda provide the only book of its kind on parent child communication that shows parents how to achieve the goals of discipline family harmony and character development with children of widely varying temperaments *Confessions for Raising Winning Kids* Cathie Dorsch,2025-04-16 Well meaning parents who want to pray God s will in their child s life often miss the mark by things they say to them This book gives parents and grandparents a handy tool in finding and utilizing Scripture verses to pray over and speak to their children in ways that lay important ground work in their hearts With simple processes of reading quoting and memorizing verses families can build godly strength and character in their children helping them win in life over adversities Cathie gives ideas for soul shaping time with your kids centered around meaningful learning **Raise Winning Kids without a Fight** William H. Hughes,2009-10-15 This guide offers parents fresh perspectives and simple skills to encourage good behavior in children and reduce stress for the entire family Emphasizing personal choice free will and dispassionate parent child interactions Dr William H Hughes s step by step approach has been developed tested and proven to work time and again by child psychiatrists Dr Hughes demonstrates how parents must allow their children to decide for themselves whether they will cooperate and how they will act Effective parenting builds character and increases self confidence Here kids learn that they can choose to behave and be rewarded for it Dr Hughes recommends that parents Set expectations Make clear what the expected behavior is whether it s doing homework or taking out the trash Monitor behavior Keep an eye on what children are supposed to be doing but let them decide for themselves whether they will complete the task Reward Verbally praise good behavior and offer kids a reward Let them play video games for an hour or invite a friend to a sleepover Many parents are convinced that reward systems simply do not work Dr Hughes explains why his approach gets the desired results while other approaches do not By not engaging in power struggles and giving rewards only when expectations have been met parents teach their kids that in choosing good behavior they are choosing rewards and rewards will motivate kids to act better Dr Hughes also outlines a clear strategy for dealing with kids who just won t take no for an answer The book encourages parents to modify their own behavior teaching them to shift their focus away from battling with their kids and to use their energy to help their children develop winning habits and attitudes for life *Your Civil War: A Father's Guide to Winning Child Custody* Joseph E. Cordell,2007 *Beyond Winning* Kim Payne,Luis Llosa,Scott Lancaster,2013-08-20 These days it seems everyone has a youth sports horror story whether it s about a tyrant coach obsessed with his team record that only plays the best kids on the team or a parent who publicly berates his kid for not making a goal But should it really only be all about winning What about having fun learning a sport and developing athletic skills *Beyond Winning with Whole Child Sports* offers an alternative approach to teaching sports to kids It deemphasizes short term goals like winning and youth championships and discourages the introduction of adult oriented league structured competition Instead it emphasizes

training techniques and coaching strategies aimed at improving core strength balance and creativity in aspiring athletes using an age appropriate four stage timeline based on a child s physical psychological and neurological development Beyond Winning with Whole Child Sports provides frustrated parents with help in the form of advice and concrete solutions to common questions and step by step instructions for helping young children develop athletic ability in an environment that s less structured while encouraging athletic and personal growth It also reveals how to avoid bullying trash talk and elitism
