## **Working With Clay An Introduction:**

**Working with Clay** Léonce Philibert,2016-12-29 When it comes to creating a work of art there is nothing quite so visceral as being able to create something with your bare hands Sculpting clay is a very rewarding craft because it does not require a range of specialized tools or any really complicated techniques You can set your own pace In this book we will go through the basic clay working tools and clay techniques to get you started We will look at the whole process from start to finish you will learn how to prepare the clay how to mold it into the shape you want we look at doing this by hand or by wheel how to decorate it and how to fire it You will learn about the tools that you absolutely have to have and ones that are just nice to have At the end of this book you will be able to start making your own clay masterpieces and once you get started you will be hooked there is nothing nicer than being able to look at a piece of pottery or sculpture b and know that you created it from scratch on your own
