Staying On:

Staying On Paul Scott, 2013-02-11 The Booker Prize winner One of the top 10 books about the British in India the book is a joy and makes an elegiac farewell to the Raj Ferdinand Mount The Guardian In this sequel to The Raj Quartet Colonel Tusker and Lucy Smalley stay on in the hills of Pankot after Indian independence deprives them of their colonial status Finally fed up with accommodating her husband Lucy claims a degree of independence herself Eloquent and hilarious she and Tusker act out class tensions among the British of the Raj and give voice to the loneliness rage and stubborn affection in their marriage Staying On won the Booker Prize in 1977 and was made into a motion picture starring Trevor Howard and Celia Johnson in 1979 Staying On far transcends the events of its central action The work should help win for Scott the reputation he deserves as one of the best novelists to emerge from Britain's silver age Robert Towers Newsweek Scott's vision is both precise and painterly Like an engraver cross hatching in the illusion of fullness he selects nuances that will make his characters take on depth and poignancy Jean G Zorn The New York Times Book Review A graceful comic coda to the earlier song of India No one writing knows or can evoke an Anglo Indian setting better than Scott Paul Gray Time Staying On provides a sort of postscript to Scott's deservedly acclaimed The Raj Quartet It is on any showing a creditable achievement Malcolm Muggeridge The New York Times Book Review

Staying on Track Nigel Mansell, 2015-09-24 After finishing as runner up three times in the drivers world championship in 1992 Mansell finally secured the title It was the crowning achievement of a hugely successful career in which he won 31 Grand Prix a record for a British driver that stood until Lewis Hamilton overhauled him in 2014 Always an aggressive driver his exciting style meant he was hailed as a hero by his millions of fans in the UK and around the world Out of the car he was outspoken and charismatic which merely served to enhance his reputation Now 20 years after he retired from F1 Mansell looks back on a stellar career in which he battled against many legends of the sport from Lauda through the Senna and Prost years and on to Schumacher He provides vivid insights into what it was like to race against those greats in an era when the risks to drivers were enormous He explains what motivated him to get to the top and takes the reader behind the scenes to give an unrivalled insight into the sport and the key moments of his career Still closely involved in Formula One Mansell assesses how F1 has changed and gives his authoritative verdict on the sport the cars and the drivers It is an unmissable account from one of Britain's greatest sporting heroes

Contemporary Research in the Sociology of Education (RLE Edu L) John Eggleston, 2013-05-13 The subject matter of this book what happens in schools the effects of curriculum change the reasons why some children are successful and others are not explains just why the sociology of education is one of the most important areas to achieve political importance There are five sections to the book covering Educational Achievement Educational Provision The Organization of the School Roles in the School and Values and Learning The editor discusses the implications of the material presented much of which was available for the first time when this book

Public Record Office,1909 *Staying on* Paul Scott,1979 Aristotle on Teleology Monte Ransome Johnson,2005-11-03 Monte Johnson examines one of the most controversial aspects of Aristotle's natural philosophy his teleology Is teleology about causation or explanation Does it exclude or obviate mechanism determinism or materialism Is it focused on the good of individual organisms or is god or man the ultimate end of all processes and entities Is teleology restricted to living things or does it apply to the cosmos as a whole Does it identify objectively existent causes in the world or is it merely a heuristic for our understanding of other causal processes Johnson argues that Aristotle's aporetic approach drives a middle course between these traditional oppositions and avoids the dilemma frequently urged against teleology between backwards causation and anthropomorphism Although these issues have been debated with extraordinary depth by Aristotle scholars and touched upon by many in the wider philosophical and scientific community as well there has been no comprehensive historical treatment of the issue Aristotle is commonly considered the inventor of teleology although the precise term originated in the eighteenth century But if teleology means the use of ends and goals in natural science then Aristotle was rather a critical innovator of teleological explanation Teleological notions were widespread among his predecessors but Aristotle rejected their conception of extrinsic causes such as mind or god as the primary causes for natural things Aristotle's radical alternative was to assert nature itself as an internal principle of change and an end and his teleological explanations focus on the intrinsic ends of natural substances those ends that benefit the natural thing itself Aristotle's use of ends was subsequently conflated with incompatible teleological notions including proofs for the existence of a providential or designer god vitalism and animism opposition to mechanism and non teleological causation and anthropocentrism Johnson addresses these misconceptions through an elaboration of Aristotle's methodological statements as well as an examination of the explanations actually offered in the scientific works *Calendar of the Patent Rolls Preserved in the Public Record Office* Great Britain.
