The Chaleur Network:

The Chaleur Network Richard Stern, 1962 **Golk** Richard Stern, 1987-08-31 In midcentury America the golden age of television a man named Golk is wreaking havoc with the medium Through a devastating series of exposures You re on Camera Golk manipulates the high and mighty the lowdown and dirty and the outrageous weird all are within the compass of Richard Stern in this early novel a comedy with as many inspired maneuvers as its rambunctious protagonist has for taking the measure of a profligate world Golk is a rich and marvelously detailed novel by a man with a cultivated intelligence it is also the first really good book I have read about television Norman Mailer An original sharp funny intelligent rare Working in a clean oblique style reminiscent of Nathanael West Mr Stern has written in Golk a first rate comic novel a piece of fiction that is at once about and loaded with that kind of recognition that junkies call the flash Joan Didion National Review Golk is fantastic funny bitter intelligent without weariness Best of all Golk is pure that is to say necessary Without hokum Saul Bellow Golk like Golk himself is a wonderous conception Its world responds to personification not analysis and personify it Mr Stern has done A book in a thousand Hugh Kenner What I like about Mr Stern s fantasy is that it has been conceived and written with so much gaiety Far from a political melodrama it reminds me of a Ren Clair movie and even the surrealist touches needed to bring out the power and pretense of the television industry are funny rather than symbolically grim Alfred Kazin Reporter A mighty good book altogether alive full of beans and none of them spilled Flannery O Connor **Literary Intellectuals and the Dissolution of the State** Robert von Hallberg, 1996-03 Their literary culture destroyed they were rebuked for compliant service to the discredited state and some were reviled for collaborating with the East German secret police the Stasi Voices & Visions Bernard F. Rodgers, 2001 A selection of essays and reviews published over the past twenty five years in the Berkshire Eagle Chicago Review the Chicago Tribune Magill s Literary Annual The World I and other journals and collections Voices and Visions offers engaging discussions of a wide range Oriental Networks Bärbel Czennia, Greg Clingham, 2020-12-18 Oriental Networks explores forms of interconnectedness between Western and Eastern hemispheres during the long eighteenth century a period of improving transportation technology expansion of intercultural contacts and the emergence of a global economy In eight case studies and a substantial introduction the volume examines relationships between individuals and institutions precursors to modern networks that engaged in forms of intercultural exchange Addressing the exchange of cultural commodities plants animals and artifacts cultural practices and ideas the roles of ambassadors and interlopers and the literary and artistic representation of networks networkers and networking contributors discuss the effects on people previously separated by vast geographical and cultural distance Rather than idealizing networks as inherently superior to other forms of organization Oriental Networks also considers Enlightenment expressions of resistance to networking that inform modern skepticism toward the concept of the global network and its politics In doing so the volume contributes to the increasingly global understanding of culture and communication Published
