Theological Explorations:

Theological Explorations Paul Matthews Van Buren, 1968 What is being explored here is theology itself The question lying behind each of these essays is this if there is a human activity in our time which we may call theology of what sort is it What is the character of the theological enterprise in our present situation **What is Mission?** J. Andrew Kirk, How should today's Church shape its response to the Gospel How can we set about making disciples of all nations in our post-Christian multifaith world What does mission mean in our times Here is a book that addresses these issues and many more with honesty and openness It strips mission of its old associations with colonialism and militarism It looks anew at the underlying theology reminding us that our task is God's mission not a human construct It explores key aspects of contemporary mission from the familiar such as the relation of mission to evangelism and to people of other faiths to the unusual and thought provoking such as mission and the environment justice for the poor and the overcoming of violence Students of mission and Christians who wish to engage with today's world to integrate faith and life will find here an inclusive comprehensive and lucid presentation of all the relevant discussions *Paul and John in Harmony (Theological Explorations for the Church Catholic)* Michael J. Gorman, 2026-04-14 Since the earliest days of the church scriptural interpreters have noticed similarities between the writings of Paul and John These similarities have become a topic of intense debate among biblical scholars In *Paul and John in Harmony* world renowned New Testament scholar Michael Gorman looks in depth at significant parallels between the Gospel of John and 1 John and the Pauline letters Gorman explores texts such as Philippians 2 John 13 and John 15 and themes such as participating in Christ and the Father's double sending of the Son and the Spirit Gorman argues that the similarities in these writings express some of the most important aspects of New Testament theology and spirituality Although most modern scholars claim that Paul and John represent independent traditions some have recently argued that Paul's letters influenced the later Johannine writings while others contend that there was mutual influence Gorman considers these proposals in light of the parallels he has examined and offers a proposal of his own that rethinks the relationship between John and Paul Could John have influenced Paul *Revisiting the Idea of Vocation* John C Haughey, 2004-02 Until recently theologians have been in a deep slumber about the subject of vocations This volume represents one of the first awakenings in the theological community to this subject The ten contributors all theologians at Loyola University Chicago present original essays that explore vocations or callings *The Natural World and God* Denis Edwards, 2017-12-31 How are we to think about the natural world around us in relation to the God of Jesus Astronomers cosmologists and evolutionary biologists have opened wonderfully new ways of seeing the community of life on Earth and its place in the universe At the same time we are facing an extreme crisis of life on our planet Both of these realities demand that we rethink our theology of animals plants ecosystems as well as galaxies and stars In this book Denis Edwards collects together a series of explorations into this kind of theology *Pastor Paul (Theological Explorations for the*

Church Catholic) Scot McKnight, 2019-09-03 Being a pastor is a complicated calling Pastors are often pulled in multiple directions and must become all things to all people 1 Cor 9 22 What does the New Testament say or not say about the pastoral calling And what can we learn about it from the apostle Paul According to popular New Testament scholar Scot McKnight pastoring must begin first and foremost with spiritual formation which plays a vital role in the life and ministry of the pastor As leaders pastors both create and nurture culture in a church The biblical vision for that culture is Christoformity or Christlikeness Grounding pastoral ministry in the pastoral praxis of the apostle Paul McKnight shows that nurturing Christoformity was at the heart of the Pauline mission The pastor's central calling then is to mediate Christ in everything McKnight explores seven dimensions that illustrate this concept friendship siblings generosity storytelling witness subverting the world and wisdom as he calls pastors to be conformed to Christ and to nurture a culture of Christoformity in their churches *Practicing Theological Interpretation (Theological Explorations for the Church Catholic)* Joel B.

Green, 2012-01-01 Much is written about the theory of theological interpretation but how does it apply to actually working with biblical texts This volume shows that theological interpretation is not so much an exegetical method as it is a practice concerned with Scripture's role in the faith and formation of persons and church communities Widely recognized biblical scholar Joel Green demonstrates both the practice of theological interpretation and the fruitfulness of this approach to reading biblical texts providing students with helpful ways of wrestling with knotty interpretive issues He also explores how theological inquiry can coexist with rigorous academic study of the Bible *Limits of Love* Gilbert Meilaender, 2010-11-01 Reflecting upon some problems of the moral life Gilbert Meilaender considers their difficulties within a vision that accentuates not only the limits but also the promise of the Christian story Created by God as finite beings we make particular attachments Redeemed by God for a community transcending nature and history our love always carries us beyond the special bonds of time and place We live therefore with a sense of permanent tension If this tension heightens our sense of the perplexities of life it should not free us from the obligation to probe clarify and where we can resolve some of those difficulties The author holds that theological ethics must clarify the direction for growth and development within the Christian life He undertakes such analysis emphasizing throughout the limits of the human condition the importance of our nature as embodied persons and the danger and pretension in some of our attempts to take control of and master human life This Christian vision is developed in chapters that explore a range of moral problems such as abortion artificial reproduction euthanasia care for defective infants provision of artificial nutrition and hydration and marital and political community These are throughout however theological explorations Taken together they illumine not only particular problems of the moral life but a vision of life classically Christian in its conception humane in its care for particular bonds of attachment and modest in its recognition of moral limits on our ability to seek the good Meilaender has developed a broad recognition both among scholars and students of ethics and among interested general readers He has the capacity to throw fresh angles of vision on

complex problems so as to help both the sophisticated and the uninitiated reader to think more penetratingly about moral questions *The Lord Roars (Theological Explorations for the Church Catholic)* M. Daniel Carroll R.,2022-08-16 The world cries out for a prophetic word to the chaos unrest and destructiveness of our times Can the biblical prophets speak into our world today Old Testament ethicist M Daniel Carroll R shows that learning from the prophets can make us better prepared for Christian witness In this guide to the ethical material of Old Testament prophetic literature Carroll highlights key ethical concerns of the three prophets most associated with social critique Amos Isaiah and Micah showing their relevance for those who wish to speak with a prophetic voice today The book focuses on the pride that generates injustice and the religious life that legitimates an unacceptable status quo both of which bring judgment as well as the ethical importance of the visions of restoration after divine judgment Each of these components in the biblical text makes its own particular call to readers to respond in an appropriate manner The book also links biblical teaching with prophetic voices of the modern era

Explorations in a Christian Theology of Pilgrimage Craig Bartholomew,Fred Hughes,2021-11-18 Many Christians go on pilgrimage whether to Jerusalem Rome Santiago or some other destination but few think hard about it from the perspective of their faith This book fills that gap looking at the biblical and theological elements in pilgrimage and asking how we could do pilgrimage differently Exploring the current resurgence of pilgrimage from a Christian viewpoint this book seeks to articulate a theology of pilgrimage for today Examination of pilgrimage in the Old and New Testaments provides a grounding for thinking through pilgrimage theologically Literary missiological and sociological perspectives are explored and the book concludes by examining how such a theology could change our practice of pilgrimage today raising such questions as how tourism to the Holy Land should reflect the situation in the region today Pilgrims students and all interested in contemporary pilgrimage will find this accessible book a valuable articulation of the different elements in a Christian theology of pilgrimage

Exotheology Joel L. Parkyn,2023-01-01 Since antiquity theology has frequently gone hand in hand with the study of the heavens Speculation regarding the plurality of worlds and the possibility of intelligent life beyond Earth has posed questions for and been stimulated by Christian theology Advancements in astronomy and astrophysics now reveal a vast universe containing trillions of galaxies Each new exoplanet discovered brings with it a new context in which to consider the place of humanity and the role of divinity in relation to creatures In particular the Christian doctrines of the incarnation and redemption must be understood afresh in light of the likelihood of extraterrestrial life In Exotheology Joel L Parkyn examines the twin historic developments in scientific and theological thought on extraterrestrials from antiquity to the twenty first century In doing so he demonstrates a consistent pattern of theological formulations that allow for a distinct relation between Christianity and extraterrestrial life but this has so far been without sufficient resolution Applying concepts from anthropology psychology and sociology to putative extraterrestrials he explores in new depth the implications of contact and argues for a divine pedagogy of potential modalities of supernatural presence and action with extraterrestrial

intelligences *Love That Rejoices in the Truth* Charles M. Wood,2009-03-01 Love says the apostle Paul does not rejoice over injustice but rejoices in the truth 1 Corinthians 13 6 The theological explorations undertaken here all deal in one way or another with the liberating promise and the perplexing problem of truth in Christian life and witness and with the ways that Christian theology and theological education in their various modes struggle both to seek the truth and to foster the aptitude to honor it

What is Mission? J. Andrew Kirk,1999

Thinking Otherwise James E. Faulconer,2020 Noting how the problematical framework of Western thinking came to dominate reflection on divine matters Faulconer discusses some of Joseph Smith s teachings that contradict that tradition focusing particularly on the teaching that God is embodied Then he offers an alternative way of doing theology namely performative theology followed by examples

The Beginning of Paul's Gospel Nijay K. Gupta,John K. Goodrich,2023-07-07 The Epistle to the Romans remains the centerpiece of all serious Pauline theological research Each of the major sections of Romans has received significant attention in recent scholarship yet no consensus has emerged about how to read the opening chapters of Paul s most important letter Romans 1 4 This collection of essays returns to the beginning of Paul s theological masterpiece to probe longstanding puzzles and to offer new readings and fresh insights on some of the most cherished chapters in the entire Pauline corpus

[The Old Testament Is Dying \(Theological Explorations for the Church Catholic\)](#) Brent A. Strawn,2017-03-14 The Old Testament constitutes the majority of the Christian Bible and provides much of the language of Christian faith However many churches tend to neglect this crucial part of Scripture This timely book details a number of ways the Old Testament is showing signs of decay demise and imminent death in the church Brent Strawn reminds us of the Old Testament s important role in Christian faith and practice criticizes current misunderstandings that contribute to its neglect and offers ways to revitalize its use in the church

God and the Natural World Ted Peters,Marie Turner,2020-05-01 This collection of essays is a fitting tribute to Denis Edwards who was one of Australia s leading theologians In exploring the most challenging questions of our time these essays canvas some of the great themes of Christian theology that were the focus of Edwards research Denis Edwards was a theologian of dialogue dialogue with our rich theological tradition dialogue with science dialogue with contemporary theologians The contributors to this volume enter into a dialogue with substantial parts of the theological output of Denis Edwards In the process they capture something of his humanity his love of creation and his concern for our common home The book demonstrates the commitment Denis Edwards had to a theology that is truly ecumenical and always learning from the insights of others The editors and authors have done a great service in helping many others to deepen reflection on Denis Edwards contribution to our understanding of God and the natural world
