Snyder, 2018-12-01 2019 PRISM Award Winner The answer is no Lyra my mother utters her favorite I swear phrase No means I have to travel with them to another planet again No means leaving all my friends fifty years in the past Thanks Einstein Seventeen year old Lyra Daniels can t truly blame Einstein or her parents for their impending move across the Milky Way Galaxy It s all due to the invention of the Q net which made traveling the vast distances in space possible with one big caveat the time dilation But that never stopped Lyra s ancestors from exploring the Milky Way searching for resources and exoplanets to colonize What they didn t expect to find is life sized terracotta Warriors buried on twenty one different exoplanets Make that twenty two As the Galaxy s leading experts on the Warriors Lyra s parents are thrilled by the new discovery sending them and her fifty years into the future Her social life in ruins she fills her lonely days by illegally worming into the Q net The only person close to her age is the annoyingly irresistible security officer who threatens to throw her into the brig After the planet they just left goes silent meaning no communications from them at all security has bigger problems to deal with than Lyra especially when vital data files go missing But that s just the beginning because they re not as alone as they thought on their new planet and suddenly time isn t the only thing working against them *Chasing the Shadows* Maria V. Snyder, 2019-11-18 2020 PRISM Award

Winner Year 2522 Lyra Daniels is dead Okay so I only died for sixty six seconds But when I came back to life I got a brand new name and a snazzy new uniform Go me Seriously though it s very important that Lyra Daniels stays dead at least as far as the murdering looters know While dying is the scariest thing that s happened to me it morphed my worming skills I can manipulate the Q net like never before But the looters have blocked us from communicating with the rest of the galaxy and now they believe we ve gone silent like Planet Xinji where silent really means dead A Protector Class spaceship is coming to our rescue but we still have to survive almost two years until they arrive if they arrive at all Until then we have to figure out how to stop an unstoppable alien threat And it s only a matter of time before the looters learn I m not dead and returns to finish what they started There s no way I m going to let the looters win Instead I ll do whatever it takes to save the people I love But even I m running out of ideas
