## Warzone Beasts Of War:

**Renegotiating Masculinities in European Digital Spheres** Inês Amaral, Rita Basílio de Simões, Sofia José Santos, 2024-11-18 This book explores from a feminist and intersectional perspective how masculinities have been renegotiated in today's European digital sphere. By considering new gender-based European trends and scenarios, for example, #MeToo, gender ideology, and cultural backlash, the book addresses masculinities in a time of social, political, economic, and cultural transformations in Europe. Bringing together research focused on online media representations of what it means to be and behave like a man in today's Europe and the way audiences have reacted to those representations, the analysis contributes to a comprehensive reflection on the stereotypes that underlie discourses in online media and how audiences co-opt, confront, criticize, renegotiate, and seek to promote gender alternatives that challenge gender inequity. This timely volume will be of interest to all scholars and students of media studies, digital and new media, gender and masculinity, feminism, digital cultures, critical cultural studies, European cultural studies, and sociology.

**A Companion to the Anthropology of Africa** Roy Richard Grinker, Stephen C. Lubkemann, Christopher B. Steiner, Euclides Gonçalves, 2019-02-06 An essential collection of scholarly essays on the anthropology of Africa offering a thorough introduction to the most important topics in this evolving and diverse field of study. The study of the cultures of Africa has been central to the methodological and theoretical development of anthropology as a discipline since the late 19th century. As the anthropology of Africa has emerged as a distinct field of study, anthropologists working in this tradition have strived to build a disciplinary conversation that recognizes the diversity and complexity of modern and ancient African cultures while acknowledging the effects of historical anthropology on the present and future of the field of study. *A Companion to the Anthropology of Africa* is a collection of insightful essays covering the key questions and subjects in the contemporary anthropology of Africa with a key focus on addressing the topics that define the contemporary discipline. Written and edited by a team of leading cultural anthropologists, it is an ideal introduction to the most important topics in the field, both those that have consistently been a part of the critical dialogue and those that have emerged as the central questions of the discipline's future. Beginning with essays on the enduring topics in the study of African cultures, *A Companion to the Anthropology of Africa* provides a foundation in the contemporary critical approach to subjects of longstanding interest. With these subjects as a groundwork, later essays address decolonization, the postcolonial experience, and questions of modern identity and definition, providing representation of the diverse thinking and scholarship in the modern anthropology of Africa.

***Forgotten Monarch*** Jothan Thayer, Trevor Roehler, 2012-03-15 When the prince of Riverstone is assassinated and his twin brother rises to power under a cloud of suspicion, all of Siamard is thrown into jeopardy. As the rest of revolution grows and inhuman threats from the old world resurface, Jacobus, the rightful heir to his father's throne, is found far more alive than his brother would like.
