What Happened in the Woodshed Lawrence R. Ricci M.D., 2018-03-14 A riveting exposé of child abuse in America and how the newest breed of pediatricians determines what happened why and at whose hands Although more than one million children are abused each year in the United States child abuse often remains a secret to family members professionals and politicians who neither see nor understand it Child abuse pediatricians are the newest breed of pediatricians specialized in exposing abuse With detective like acumen child abuse pediatricians deduce through careful medical analysis who has abused and who has been abused Describing the most compelling cases among the thousands that they have evaluated author Lawrence Ricci reveals the trauma pain disability and sometimes death that abused children experience at the hands of trusted adults This gripping look at the dark side of American families is about good parents and poor ones perpetrators and victims and collateral victims such as innocent family members It is also about the professionals who have made it their career to expose child abuse and to treat children who have suffered from it The conclusion calls for systematic changes that could help to stem the tide of child abuse

What Happened to the Teacher's Pet? Charvette Yvonne Jones, 2014-09-12 What Happened to the Teacher's Pet was written as an inspirational tool to motivate teachers to teach from a perspective of passion for overall student success Too often society is allowed to dictate the state of our students and cast blame for substandard performance and failure onto the students their choices or their abilities This book addresses the concept of that attitude which actually does reflect leadership It points out the truth that lies behind our students so called problems and discredits some typically misguided reasons why students cannot or will not learn All in all this book is dedicated to encourage teachers to teach like they mean it and believe in themselves

We Are Still Tornados Michael Kun, Susan Mullen, 2016-11 Growing up across the street from each other Scott and Cath have been best friends their entire lives Cath would help Scott with his English homework he would make her mix tapes it's the 80's after all and any fight they had would be forgotten over TV and cookies But now they've graduated high school and Cath is off to college while Scott is at home pursuing his musical dreams During their first year apart Scott and Cath's letters help them understand heartache annoying roommates family drama and the pressure to figure out what to do with the rest of their lives And through it all they realize that the only person they want to turn to is each other But does that mean they should be more than friends The only thing that's clear is that change is an inescapable part of growing up And the friends who help us
