

# What Is Beautiful

**William Keith Chambers Guthrie**

## What Is Beautiful:

**A History of Greek Philosophy: The fifth-century enlightenment** William Keith Chambers Guthrie, 1962

Cognition of Value in Aristotle's Ethics Deborah Achtenberg, 2002-07-17 Argues that the central cognitive component of ethical virtue for Aristotle is awareness of the value of particulars

**Socratic Philosophy and Its Others** Denise Schaeffer, Christopher Dustin, 2013-06-20 The overall aim of the volume is to explore the relation of Socratic philosophizing as Plato represents it to those activities to which it is typically opposed The essays address a range of figures who appear in the dialogues as distinct others against whom Socrates is contrasted most obviously the figure of the sophist but also the tragic hero the rhetorician the tyrant and the poet Each of the individual essays shows in a different way that the harder one tries to disentangle Socrates own activity from that of its apparent opposite the more entangled they become Yet it is only by taking this entanglement seriously and exploring it fully that the distinctive character of Socratic philosophy emerges As a whole the collection sheds new light on the artful ways in which Plato not only represents philosophy in relation to what it is not but also makes it strange to itself It shows how concerns that seem to be raised about the activity of philosophical questioning from the point of view of the political community for example can be seen upon closer examination to emerge from within that very enterprise Each of the essays then goes on to consider how Socratic philosophizing can be defined and its virtues defended against an attack that comes as much from within as from without The volume includes chapters by distinguished contributors such as Catherine Zuckert Ronna Burger Michael Davis Jacob Howland and others the majority of which were written especially for this volume Together they address an important theme in Plato's dialogues that is touched upon in the literature but has never been the subject of a book length study that traces its development across a wide range of dialogues One virtue of the collection is that it brings together a number of prominent scholars from both political science and philosophy whose work intersects in important and revealing ways A related virtue is that it treats more familiar dialogues Republic Sophist Apology Phaedrus alongside some works that are less well known Theages Major Hippias Minor Hippias Charmides and Lovers While the volume is specialized in its topic and approach the overarching question about the potentially troubling implications of Socratic philosophy and the Platonic response should be of interest to a broad range of scholars in philosophy political science and classics

**Plato and the Other Companions of Sokrates (Vol. 1-4)** George Grote, 2023-12-27 In Plato and the Other Companions of Sokrates George Grote compiles a comprehensive exploration of Socratic thought through a meticulous examination of both Plato's works and the contributions of Socrates contemporaries This seminal four volume series is characterized by its analytical rigor and engaging prose bridging philosophy and historical narrative Grote adopts a critically reflective style that invites readers to ponder the broader implications of Socratic dialogues while contextualizing each philosopher within the tumultuous background of Ancient Greece The volumes encompass detailed discussions on epistemology ethics and the revolutionary impact of Socrates's ideas on Western

philosophy George Grote was a prominent historian and philosopher whose deep fascination with ancient Greek thought shaped his academic pursuits Born in 1794 his interests in political theory and the evolution of democratic principles likely fueled his desire to decipher the Socratic legacy Grote s commitment to understanding the philosophical landscape of Socrates time led him to create this exhaustive work that reflects both his scholarly depth and his passion for the narratives that shaped human thought Grote s *Plato and the Other Companions of Sokrates* is an essential read for anyone seeking to grasp the foundational ideas of Western philosophy Those interested in Socratic dialogues ancient history or the evolution of philosophical discourse will find this series profoundly enlightening The work serves as both a critical resource for scholars and a compelling introduction for newcomers to the rich fabric of Greek philosophical thought In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read
