Winning Endgame Technique:

Winning Endgame Technique Alexander Beliavsky, Oleksandr Biljaevskiy, Adrian Mykhal'chyshyn, 1995

Winning Endgame Technique Alexander Beliavsky, Adrian Mikhalchishin, 1995 Two leading grandmasters study a variety of typical practical endgame situations They provide strategic guidance which is aimed at club and postal players of all levels of experience either when playing or when deciding what type of endgame to aim for The authors tackle fundamental issues such as the occasions when a bishop is a better piece than a knight and those when rook and pawn are a match for two minor pieces

Winning Endgame Strategy Oleksandr Biljaevskiy, Alexander Beliavsky, Adrian Mikhalchishin, 2000 A sequel to *Winning Endgame Technique* in which two players discuss grandmasterly strategies The endgame is the crucial final phase of a chess game yet many players remain largely untrained in this area Recommended reading for the serious improver

Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky, 2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky's Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition Dvoretsky's Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post

Dvoretsky's Endgame Manual: Second Edition Mark Dvoretsky, 2020-11-12 The first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The second edition is revised and enlarged now over 400 pages covering all the most important concepts required for endgame mastery I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now

before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here s what they had to say about the First Edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post Dvoretsky s Endgame Manual is quite simply a masterpiece of research and insight It is a tremendous contribution to endgame literature certainly the most important one in many years and destined to be a classic of the literature if it isn t already one The famous trainer Mark Dvoretsky has put together a vast number of examples that he has not only collected but analysed and tested with some of the world s strongest players This is a particularly important book from the standpoint of clarifying correcting and extending the theory of endings Most of all Dvoretsky s analysis is staggering in its depth and accuracy John Watson reviewing DEM at The Week In Chess 2003 Book of the Year JeremySilman com 2003 Book of the Year Seagaard Chess Reviews This is an extraordinary good chess book To call this the best book on endgames ever written seems to be an opinion shared by almost all reviewers and commentators And I must say that I am not to disagree Erik Sobjerg

Dvoretsky's Endgame Manual: Sixth Edition Mark Dvoretsky,Alex Fishbein,2020-01-01 The Sixth Edition of a Modern Masterpiece When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised sixth edition 504 pages is better than ever German grandmaster Karsten M ller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the sixth edition with the help of American grandmaster Alex Fishbein Here is what Magnus Carlsen the 16th World Champion had to say in his foreword to the sixth edition This book occupies a very special place in chess literature Dvoretsky s Endgame Manual will fill you with the joy and knowledge that will surely improve both your endgame skills and your understanding of our royal game Here is what Vladimir Kramnik the 14th World Champion had to say in his foreword to the fifth edition I consider it to be one of the very best chess books published in recent times Dvoretsky s analysis is staggering in its depth and accuracy John Watson in his review of the first edition in The Week In Chess Dvoretsky s Endgame Manual comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his review of the first edition in his Washington Post column *Winning Chess Strategies* Yasser Seirawan,2005-05-01 Readers will gain the advantage over their opponents with easy to remember strategies from one of the world s top chess players Strategy it s the ultimate secret weapon for championship players around the world Drawing on his considerable experience in tournament play International Grandmaster Yasser Seirawan shows players how to apply flexible strategic principles to every part of their game Using Seirawan s simple and effective planning and analysis techniques they

will enter each game with confidence and energy ready to play forcefully and intelligently the way they need to play so they can win every time Learn to Knock opponents off balance with bold opening moves Formulate an overall game strategy before the middle game Interpret the motivation behind an opponent's every move Position for a winning endgame Diagrams throughout the book illustrate game positions and readers will meet history's greatest chess strategies learning from them move by move Whether for reference during practice games or simply for pleasure reading Winning Chess Strategies is an information packed resource players will turn to again and again

Of Kings and Pawns Eric Schiller,2006 In chess games the result is often determined in the endgame where most of the armies have been removed from the board When it comes down to just kings and pawns absolute precision is necessary and a minor slip can toss away all the hard earned advantages built up during the game Endgames are very complex strategically It is necessary to have in mind a specific target position so that a pawn can be marched to the far side of the board and be promoted into a queen or other powerful piece The unique format of this book provides the reader with the desired target at the start of the discussion so that the main task is to find a path from the initial position to one which is clearly winning or drawing as required The 26 exercises are positions that are not only important for developing endgame technique but are also of high artistic merit so that the study of the positions will be entertaining Chess master Eric Schiller internationally recognized trainer and author of many books on chess provides detailed commentary for each position pointing out important alternative strategies and all of the tactical nuances After working through the material in this book the reader will be ready to cope with even the trickiest king and pawn endgames and as a consequence will have better results in both competitive and casual play
